COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

I. INTRODUCTION

Community Development Block Grant (CDBG):

This guideline provides background and application processing information on the CDBG program. This block grant represents an annual entitlement received from the U.S. Department of Housing and Urban Development. CDBG funds must be used to meet one of the following national objectives:

1. benefit low and moderate-income persons; or,
2. eliminate slums or blight; or,
3. meet an urgent need.

The City of Niagara Falls, through its Citizen Participation process, has developed a Consolidated Plan that lists and prioritizes local housing and non-housing community development needs. Projects that address these priorities will be considered for funding. A copy of the City’s 5-Year Plan and the current Annual Plan are available for review in the offices of the Department of Community Development, located at 1022 Main Street, Niagara Falls, NY 14302.

II. CDBG ACTIVITIES

Basic Eligible Activities

This list is not all-inclusive. A complete list is available in the code of federal regulations (CFR), Part 24, Section 570.201.

2. Disposition of Real Property (501.201) (b) - costs incidental to disposing of real property acquired with CDBG funds. Disposal must meet a national objective.
3. Public Facilities and Improvements (570.201) (c) including acquisition, construction, or rehabilitation of

5. Public Services(570.201) (e)including labor, supplies, and materials. There is a 15% limitation on the amount of funds that can be obligated to public services. Proposed public service projects must be either: a new or a quantifiable increase in the level of a service. Public services include, but are not limited to: child care, health care, job training,
recreation programs, education programs, crime prevention, fair housing counseling, services for senior citizens, services for homeless persons, drug abuse counseling and treatment, energy conservation counseling and testing, homebuyer down payment assistance, etc.

6. **Relocation** (570.606) relocation payments and assistance to displaced persons.

   - Rehabilitation of private residential and non-residential property;
   - Public housing modernization;
   - Removal of architectural barriers;
   - Code enforcement; or
   - Historic preservation.
   - (Rehabilitation does not include maintenance type work)

8. **Special Economic Development Activities** (570.203) by public or private non-profit organizations and private for-profit entities, when the assistance is necessary or appropriate to carry out an economic development project to stimulate private investment, community revitalization, and to expand employment opportunities for low and moderate income persons.

9. **Code Enforcement** (570.202) (c) salaries and overhead costs directly related to enforcement of local/state codes.

10. **Micro-Enterprise Assistance** (570.201) (o) establishment, stabilization, and expansion of micro-enterprises (5 or fewer employees).

11. **Planning Activities** (570.205) Note: There is a 20% limitation on the amount of funds that can be obligated to planning and administrative activities.

**Ineligible Activities**

The following are activities which **may not** be assisted with CDBG funding (570.207):

1. **Buildings or portions thereof used for the general conduct of government** This does not include, however, the removal of architectural barriers.

2. **General Government Expenses** Expenses required carrying out the regular responsibilities of the unit of general local government. Title I of the Housing and Community Development Act of 1974, as amended (through 10-29-92), Section 101, last paragraph: It is the intent of Congress that the Federal assistance made available under this title not be utilized to reduce substantially the amount of local financial support for community development activities below the level of such support prior to the availability of such assistance.

3. **Political Activities** Shall not be used to finance the use of facilities or equipment for political purposes or to engage in other partisan political activities, such as candidate forums, voter transportation, or registration.
4. **Equipment and Furnishings** Is generally ineligible unless such item constitutes all or part of a public service and is required to carry out a CDBG assisted activity or is an integral structural fixture.

5. **Operating and Maintenance Expenses** The general rule is that any expense associated with repairing, operating, or maintaining public facilities, improvements and service is ineligible. Also ineligible are payment of salary for staff, utility costs and similar expenses necessary for the operation of public works and facilities. Please reference CFR 570.207(b) (2) for exceptions and more detail.

6. **New Housing Construction** Except as provided under the last resort housing provision set forth in 24 CFR part 42; as authorized under Sec. 570.201(m); or when carried out by an entity pursuant to 570.204(a).

7. **Income Payments** Examples of ineligible income payments include: payments of income maintenance, housing allowances and mortgage subsidies.

### III. PROJECT REQUIREMENTS

**National Objectives Requirements** An activity must also meet one of three National Objectives:

1. Benefit to Low and Moderate Income Persons; or
2. Prevention or Elimination of Slums or Blighted areas; or
3. Other Urgent Needs

1. **Benefits to Low and Moderate Income Persons**

Activities benefiting low and moderate-income persons that meet HUD's income criteria will be considered to benefit low and moderate-income persons. Please reference CFR regulations 570.208 for more detailed information.

   a. **Area Benefit Activities (LMA)**

   Benefits are available to all residents of a particular area that is primarily residential in character. To qualify you must, delineate boundaries of the service area and demonstrate that at least 51% of the residents of the designated area are low/moderate income persons using officially recognized data, such as HUD Census Data

   b. **Limited Clientele Activities (LMC)**

   Benefits are for a limited clientele, at least 51% of whom are low or moderate-income persons. To qualify under this requirement, the activity must meet one of the following:

   - information on family size and income to document that at least 51% of clientele are persons whose family income does not exceed HUD's low and moderate income criteria;
   - the activity has income eligibility requirements which limit the activity exclusively to low and moderate income persons
   - Be of such a nature and such location that it may be concluded that the activity's clientele will primarily be low and moderate-income persons.
The following groups are presumed by HUD to be principally low/mod income:

1) abused children  
2) battered spouses  
3) elderly persons  
4) adults meeting definition of severely disabled  
5) homeless persons  
6) illiterate persons  
7) migrant farm workers  
8) persons living with AIDS

c. **Low/Mod Housing (LMH)**
   An activity which assists in the acquisition, construction, or improvement of permanent, residential structures may qualify as benefiting L/M income persons to the extent that the housing is occupied by L/M income households. Occupancy of the assisted housing by L/M income households is determined using the following rules:
   - All single unit structures must be occupied by L/M income households
   - An assisted two-unit structure (duplex) must have at least one unit occupied by a L/M income household, and
   - An assisted structure containing more than two units must have at least 51% of the units occupied by L/M income households.

d. **L/M Income Jobs (LMJ)**
   A L/M income jobs activity is one which creates or retains permanent jobs, at least 51% of which, on a full-time equivalent (FTE) basis, are either held by L/M income persons or considered to be available to L/M income persons. Income status is determined by household income. In order to consider jobs retained as a result of CDBG assistance, there must be clear evidence that permanent jobs will be lost without CDBG assistance.

2. **Prevention or Elimination of Slums or Blight**
   The activity is located in a slums/blight area as defined by the locality and addresses one of the conditions that qualify the area as a slum or blighted area. The activity eliminates a specific condition of blight or physical decay and is limited to one of the following: acquisition, clearance, relocation, historic preservation; or rehabilitation of buildings, but only to the extent necessary to eliminate specific conditions detrimental to public health and safety.

   Note: HUD Census Data and City data is available for viewing at the City's Office of Community Development, 1022 Main Street, Niagara Falls, NY 14302.

**HUD INCOME LIMITS**

The following are income limits that represent 80% of the area median income by family size. These income limits are used to determine client eligibility for many Community Development projects. They should be used as a guide in determining if the clients that you serve are from low/moderate income families.

Sec. 84.21 - Standards for Financial Management Systems.

(a) HUD shall require recipients to relate financial data to performance data and develop unit cost information whenever practical.

(b) Recipients' financial management systems shall provide for the following:

1. Accurate, current and complete disclosure of the financial results of each federally-sponsored project or program in accordance with the reporting requirements set forth in Sec. 84.52. If a recipient maintains its records on other than an accrual basis, the recipient shall not be required to establish an accrual accounting system. These recipients may develop such accrual data for their reports on the basis of an analysis of the documentation on hand.

2. Records that identify adequately the source and application of funds for federally-sponsored activities. These records shall contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, outlays, income and interest.

3. Effective control over and accountability for all funds, property and other assets. Recipients shall adequately safeguard all such assets and assure they are used solely for authorized purposes.

4. Comparison of outlays with budget amounts for each award. Whenever appropriate, financial information should be related to performance and unit cost data.

5. Written procedures to minimize the time elapsing between the transfer of funds to the recipient from the U.S. Treasury, and the issuance or redemption of checks, warrants or payments by other means for program purposes by the recipient. To the extent that the provisions of the Cash Management Improvement Act (CMIA) (Pub. L. 101-453) govern, payment methods of State agencies, instrumentalities, and fiscal agents shall be consistent with CMIA Treasury-State Agreements or the CMIA default procedures codified at 31 CFR part 205, Withdrawal of Cash from the Treasury for Advances under Federal Grant and Other Programs.

6. Written procedures for determining the reasonableness, allocability and allowability of costs in accordance with the provisions of the applicable Federal cost principles and the terms and conditions of the award.

7. Accounting records including cost accounting records that are supported by source documentation.

(c) Where the Federal Government guarantees or insures the repayment of money borrowed by the recipient, HUD, at its discretion, may require adequate bonding and insurance if the bonding and insurance requirements of the recipient are not deemed adequate to protect the interest of the Federal Government.

(d) HUD may require adequate fidelity bond coverage where the recipient lacks sufficient coverage to protect the Federal Government's interest.

(e) Where bonds are required in the situations described above, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR part 223, "Surety Companies Doing Business with the United States."
