Agenda Item #1

THIS ITEM WAS RECEIVED AND FILED

THE FOLLOWING COMMUNICATIONS WERE SUBMITTED BY THE MAYOR

CONTRACT: LASALLE LIBRARY BOILER, EMERGENCY REPAIRS, CHANGE ORDER #1, H.W. BRYK & SONS

Agenda Item #2

The Engineering Department solicited quotes for replacement of the existing steam boiler at the LaSalle Library, the low bidder was H.W. Bryk & Sons at $23,900.00. At the time of solicitation it was anticipated that we could reuse some ancillary parts of the old boiler as a cost saving measure. After the existing boiler was dismantled it was discovered that the “Power Flame” blast tube was severely damaged and could not be reused. H.W. Bryk & Sons secured the parts required to replace the blast tube parts at a total cost of $1,389.00 and installed them (at no charge) under their original bid price.

Sufficient funding is available within Capital account code H0904. Will the Council vote to so approve and authorize the Mayor to execute a change order in a form acceptable to the Corporation Counsel? Council Member Tompkins moved that the communication be received and filed and the recommendation approved.

CONTRACT: NIAGARA MOBILE APP INITIATIVE, PROJECT

Agenda Item #4

During the City Council meeting on November 27, 2017 the City Council approved funding in the amount of $2,500.00 for an initiative developed by Councilman Scott and Niagara University to create a mobile app for smart phone utilization that will promote and enhance resident awareness of various programs and services that are available in the area.

During the creation of this mobile app initiative, it became apparent to those working on the project that other similar types of projects already existed or were in development. Accordingly, the promoters of this initiative looked for another project to address certain disconnects in information availability. The result was an idea to create the “Niagara Answers” website which will promote resident and visitor awareness and involvement and ensure equal opportunity and services to provide an easy approach for residents and visitors to find City information and services. This “Niagara Answers” website will be designed to offer an easy approach for residents and visitors to search for City information and services and will connect the City of Niagara Falls. Attached hereto (on file in the City Clerk’s Office) is a copy of the new proposal developed by Councilman Scott and Niagara University and will be utilized by the University for expenses incurred in the creation of this new project. There is no request for additional funding from the City for this initiative as the $2,500.00 previously provided by the City for the Mobile App initiative continues to be held in escrow by Niagara University and will be utilized by the University for expenses incurred in the creation of this new project. It is also requested that the date for completion of this project be extended to December 31, 2019.

Will the Council approve this change in the initiative and authorize the Mayor to execute an agreement provided the same is in form and content acceptable to the Corporation Counsel?

Council Member Tompkins moved that the communication be received and filed and the recommendation approved.

CONTRACT: TRAFFIC SIGNAL UPGRADES, WALNUT AVENUE & HYDE PARK BLVD., CITY PARKLAND, NYSDOT

Agenda Item #5

NYSDOT has commenced a project to upgrade various traffic signals throughout Western New York including the traffic signal at Walnut Avenue and Hyde Park Boulevard. The City owned real estate in question that is affected is located on the north east corner of the intersection and is approximately 400 square feet in total. The attached (on file in the City Clerk’s Office) correspondence from NYSDOT describes the project and attaches (on file in the City Clerk’s Office) a map showing the location of the City owned real estate involved. (It should be noted that the attached letter describes this real estate as “Arthur V. Curcione Place” because of the signage located in the vicinity. It is actually City public parkland which is most likely part of Hyde Park.)

In any event, NYSDOT will be acquiring this small parcel through the eminent domain process. An appraisal is being conducted and the City will be paid for this small parcel of real estate.
Will the Council so approve and authorize the Mayor to execute any agreement or correspondence confirming that this small parcel of property is “de minimis” in nature and that the action undertaken by the NYSDOT will not adversely impact park activities?

Council Member Tompkins moved that the communication be received and filed and the recommendation approved.

CONTRACT: SCHOOL RESOURCE OFFICERS, CONTINUATION OF AGREEMENT

Agenda Item #6

The agreement that the City has had in place with the School District which, among other things, calls for the City to provide uniformed officers from the NFPD to serve as SROs at various schools in the School District has worked out well for the School District and the City. It is therefore requested that this agreement continue during the first six (6) months of 2019. It is proposed that two (2) NFPD Officers serve as SROs at the High School and one (1) each to serve as SROs at LaSalle Prep and Gaskill Prep. Attached hereto (on file in the City Clerk’s Office) is a copy of a proposed agreement between the City and the School District. Note that the District will be reimbursing the City for the entire cost of these four (4) SROs which totals $280,788.00.

Will the Council so approve and authorize the Mayor to execute a Municipal Cooperation Agreement provided the same is in form and content satisfactory to the Corporation Counsel?

CONTRACT: USA NIAGARA DEVELOPMENT CORP., EXTENSION

As Council members may be aware, USAN owns and operates the Conference and Event Center on Old Falls Street and has contracted with an entity to undertake daily management and operation of the Conference and Event Center. Over the last several years the City has contracted with USAN to not only assist in the funding of the operation of the Conference and Event Center, but also to allow USAN, through the entity operating the Conference and Event Center, to control, maintain, manage and program events on Old Falls Street between Prospect Street and Third Street. The entity now operating the Conference and Event Center and managing Old Falls Street is Comcast Spectacore. This arrangement has worked out very well for the City.

It is requested that USAN be permitted to continue to control, maintain, manage and program Old Falls Street between Prospect Street and Third Street during 2019 at no cost to the City. Attached hereto (on file in the City Clerk’s Office) is a copy of a proposed agreement so reciting.

THE FOLLOWING COMMUNICATIONS WERE SUBMITTED BY THE MAYOR

CONTRACT: 2018 MUNICIPAL SIDEWALK REPLACEMENT PROJECT, VALERI CONCRETE CONSTRUCTION, INC., CHANGE ORDER #1

Agenda Item #3
A contract for the above referenced project was awarded to Valeri Concrete Construction, Inc. on May 9, 2018 in the amount of $252,500.00

After the project’s award, it was determined that a substantial amount of six (6”) inch thick concrete sidewalk/driveway aprons included in the 2018 Municipal Sidewalk Replacement Project would not be necessary after the decision to remove Lockport Street from the In House Paving Plan was made.

Conversely, streets substituted in Lockport Road’s place on the In-House Paving list increased the need for related four (4”) inch thick standard concrete sidewalk installations beyond the original bid quantity. The contractual quantity underruns noted above will allow all excess concrete installations to be paid for with no additional cost ($0.00) to the project.

Will the Council vote to so approve and authorize the Mayor to execute a change order in a form acceptable to the Corporation Counsel?

CONTRACT: NIAGARA GOLF PARTNERS, PREFERRED DEVELOPER, LEASE OF GOLF COURSE

Agenda Item #6

In the interest of continuing the ongoing improvements to the amenities at the Hyde Park Golf Course ("the course") and also being mindful of the City’s costs to operate the course, the Purchasing Division issued an RFP to potentially bring in an operator to take over the operation of the golf course, the restaurant and the shop located on the premises.

After publishing and posting the RFP, the City received two (2) responses and both prospective vendors were interviewed by the scoring committee. After further discussions with both prospective vendors, the proposal from Niagara Golf Partners ("NGP") emerged as the strongest proposal.

The terms of NGP’s proposal are as follows: NGP will assume full operational control at the course by performing all tasks necessary to operate the course, restaurant and shop; collecting all revenues and paying all expenses with the exception of the utility contributions set forth herein. The term of the agreement shall be five (5) years, with the option of a mutual five (5) year extension following the end of the initial term.
As discussed above, the City will make contributions towards the utility costs as follows:

- **Years 1 and 2**: $60,000.00 per year
- **Years 3 and 4**: $40,000.00 per year
- **Year 5**: $20,000.00

If the five (5) year extension is agreeable to both parties, the City will make a final contribution to the utility costs in Year 6 of $20,000.00. Commencing in Year 7 and continuing through Year 10, NGP will pay the City a license fee of $50,000.00 per year.

Additionally, NGP has expressed an interest in renting certain City-owned equipment as part of its operations, and also in leasing some additional storage space from the City. These items will be included as part of the lease agreement once NGP determines which pieces of equipment they will rent and how much space they will require. The payments for these items will further offset the City’s utility contributions for Years 1 through 6 and become additional revenue in Years 7 through 10 if the extension is approved.

Based upon the recommendation of the scoring committee, it is the recommendation of the administration that the City name NGP as preferred developer for the leasing of the course and that the City enter into a five (5) year lease (with the aforementioned mutual five (5) year option) on the terms and conditions stated herein.

Will the Council so approve and authorize the Mayor to execute a lease agreement, and any other documents necessary to complete this lease, in a form acceptable to the Corporation Counsel?

**CONTRACT: PITCH N HIT EVENTS, SAL MAGLIE STADIUM, EXTENSION**

Agenda Item #7

In March of 2016, you awarded an agreement to Pitch N Hit Events to operate Sal Maglie Stadium from April 1, 2016 through March 31, 2019, with a mutual option to extend the agreement for three (3) more years.

Pitch N Hit Events has expressed a desire to extend the agreement. After consultation with the appropriate City departments, the administration would also like to extend the agreement. Pitch N Hit Events has proven to be an excellent tenant and their operation of the stadium is to be commended.

Therefore, it is the recommendation of the administration that the City extend the agreement for a further three (3) years, through March 31, 2022.

Agenda Item #12

In July of 2018, the City awarded CDBG funds to African Heritage Economic Initiative, Inc. (the “subrecipient”) to establish a food cooperative in the North End neighborhood of the city. These funds were made available for site acquisition, renovation, and store operations. The contract for this project was executed on July 16, 2018. The contract carried strict time requirements. The subrecipient was allotted six months from the execution date of the contract to close on the purchase of a property and four months for the subrecipient to renovate the property and open the store to the public. Funding for the operation of the co-op would be available for four months following the co-op’s opening to the public. The maximum total timeline for the project was to be fourteen months.

The subrecipient was able to close on the property on September 13, 2018, well within the six month timeframe requirement. The current contract required that rehab be completed within four months of this date, and for the food co-op to open on January 13, 2019. The subrecipient has had difficulty identifying contractors to perform the required renovation work, and the 2018-19 holiday season produced further delays in contractor procurement. The four month timeline has not been met. The subrecipient has asked for more time to complete renovations, and anticipates that the co-op will be open by the end of February if the contract is extended.

Because acquisition of the co-op site took place well ahead of schedule, Community Development recommends that the contract be amended to allow for both renovation and operations costs to be paid through September 16, 2019. In addition, the contract would be amended to require that a mortgage document be signed by the subrecipient and recorded in the Niagara County Clerk’s office to further secure the subrecipient’s performance of provisions already present in the current contract.
It is requested that Council approve an amendment to the contract to allow renovation and operations expenditures through September 16, 2019, and to require a mortgage on the property at 2616 Highland Avenue to secure the subrecipient’s performance.

Will the Council vote to approve the proposal presented herein and to authorize the Mayor to execute any documents necessary to effectuate the same?

Council Member Tompkins moved that the communication be received and filed and the recommendation approved.

CONTRACT: LOCKPORT ROAD RESURFACING PROJECT R.P. 938, OCCHINO CORP., CHANGE ORDER #1 & FINAL

Agenda Item #13

A contract for the above referenced project was awarded to Occhino Corp, 2650 Seneca Street, West Seneca, New York on June 20, 2018 in the amount of $545,104.55.

Shortly after the start of the project, issues related to existing poor soil & subbase conditions, faulty and combined drainage piping issues, and NYS DOT Asphalt Adjustment protocols forced the contractor to perform tasks as well as install materials that were not anticipated in the initial scope of the project. The cost of the additional tasks, in addition to actual bid item overruns totals $102,186.27*, bringing the new contract total to $647,290.82.

It is important to note that the entire project is 100% reimbursable through the City’s annual allotment of NYS DOT’s Consolidated Highway Improvement Program (CHIPS) Funding.

Will the Council vote to so approve and authorize the Mayor to execute a change order in a form acceptable to the Corporation Counsel?

CONTRACT: 535 MEMORIAL PKWY., RENOVATION, CHDO PROGRAM

Agenda Item #2

HUD regulation requires that at least 10% of the City’s HOME grant be spent for CDHO activities. CCNDC qualifies as a Community Housing Development Organization. These funds are available to CCNDC for rehabilitation of properties owned by CCNDC.

CCNDC has proposed renovation of 535 Memorial Parkway, which is a three-unit building, under the CHDO program. The City will enter into an agreement with CCNDC which will require, in part, that the renovated property is available to low income tenants for 15 years, and that rents are limited under HUD rent limitations.

CCNDC will use $36,363 of 2018 CHDO funds, for the 535 Memorial Parkway rehabilitation. While the funds have been appropriated for this purpose in Community Development’s 2018 Annual Action Plan, each specific CHDO contract requires City Council approval.

Will the Council vote to approve the 535 Memorial Parkway CHDO agreement with Center City Neighborhood Development Corporation as set forth herein, and authorize the Mayor to execute any documents necessary to effectuate the same?

CONTRACT: GARDEN AVENUE PARK IMPROVEMENT PROJECT, EQUIPMENT, GAMETIME

Agenda Item #4

The Niagara Falls Community Development Department (NFCD) has undertaken an aggressive plan of park improvements throughout the City of Niagara Falls, using non-local taxpayer dollars. The City of Niagara Falls was awarded a $75,000 New York State and Municipal Facilities Program (SAM) grant for the creation of a pocket park in the city’s north end. In 2018, NFCD organized a public planning meeting for improvements at Garden Avenue Park (1031 Garden Avenue). The current part is in disrepair and rarely used. Improvements funded by the SAM grant will add value to the neighborhood, and the park plan was created with resident input.

It is NFCD’s recommendation that the purchase of Garden Avenue Park’s new should be purchased via the New York State Office of General Services Playground Equipment, and Related Products Statewide Contract. GAMETIME Playground Equipment is a qualified vendor as part of the statewide contract (NYS CONTRACT PC 66669). Equipment includes playground units, seating and trash receptacles. Equipment would be installed by city workers. The equipment purchase amount is $75,000.

Will the Council vote to approve this purchase from GAMETIME and authorize the Mayor to execute any documents necessary to effectuate the same?

CONTACT: HYDE PARK GOLF COURSE, LEASE, NIAGARA GOLF PARTNERS

Agenda Item #10
In the interest of continuing the ongoing improvements to the amenities at the Hyde Park Golf Course ("the course") and also being mindful of the City’s costs to operate the course, the Purchasing Division issued an RFP to potentially bring in an operator to take over the operation of the golf course, the restaurant and the shop located on the premises.
After publishing and posting the RFP, the City received two (2) responses and both prospective vendors were interviewed by the scoring committee. After further discussions with both prospective vendors, the proposal from Niagara Golf Partners ("NGP") emerged as the strongest proposal.
The terms of NGP’s proposal are as follows: NGP will assume full operational control at the course by performing all tasks necessary to operate the course, restaurant and shop; collecting all revenues and paying all expenses with the exception of the utility contributions set forth herein. The term of the agreement shall be five (5) years, with the option of a mutual five (5) year extension following the end of the initial term.
As discussed above, the City will make contributions towards the utility costs as follows:

<table>
<thead>
<tr>
<th>Years</th>
<th>Contribution</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 and 2</td>
<td>$60,000.00 per year</td>
</tr>
<tr>
<td>3 and 4</td>
<td>$40,000.00 per year</td>
</tr>
<tr>
<td>Year 5</td>
<td>$20,000.00</td>
</tr>
</tbody>
</table>

02/06/2019
If the five (5) year extension is agreeable to both parties, the City will make a final contribution to the utility costs in Year 6 of $20,000.00. Commencing in Year 7 and continuing through Year 10, NGP will pay the City a license fee of $50,000.00 per year.

Additionally, NGP has expressed an interest in renting certain City-owned equipment as part of its operations, and also in leasing some additional storage space from the City. These items will be included as part of the lease agreement once NGP determines which pieces of equipment they will rent and how much space they will require. The payments for these items will further offset the City’s utility contributions for Years 1 through 6 and become additional revenue in Years 7 through 10 if the extension is approved.

Based upon the recommendation of the scoring committee, it is the recommendation of the administration that the City name NGP as preferred developer for the leasing of the course and that the City enter into a five (5) year lease (with the aforementioned mutual five (5) year option) on the terms and conditions stated herein.

Will the Council so approve and authorize the Mayor to execute a lease agreement, and any other documents necessary to complete this lease, in a form acceptable to the Corporation Counsel? Council Member Tompkins moved that the communication be received and filed and the recommendation approved.

**COMMUNITY DEVELOPMENT: DRAFT U.S. DEPARTMENT OF HOUSING/URBAN DEVELOPMENT, 2019 CONSOLIDATED ANNUAL ACTION PLAN**

Agenda Item #3

The City of Niagara Falls Department of Community Development requests Niagara Falls City Council approval of the draft Fiscal Year 2019 Community Development Consolidated Annual Action Plan. It is year five of the 2015-2019 Five Year Strategic Plan. Based on our projections, it consists of $2,530,000 in federal investment, $966,668 in non-municipal matching funds for a $3,496,668 total leveraged plan. The draft FFY 2019 Consolidated Annual Action Plan consists of the following U.S. Department of Housing and Urban Development (HUD) programs: Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Program (ESG).

Draft 2019 CDBG Amount: $ 2,000,000
Draft 2019 HOME Amount: $ 335,000
Draft 2019 ESG Amount: $ 195,000
These budgets are presented to the City Council in draft form, based on estimated amounts, to accommodate the city and federal governments’ differing fiscal year budget schedules. HUD’s final FFY allocations are generally posted in the spring of each calendar year. A final schedule for 2019 has not yet been set by the federal government.

The Niagara Falls Department of Community Development will request City Council approval of the final HUD allocations when those allocations are announced. Historically, draft budget estimates have been within 2 percent of final allocations.

The draft 2019 Consolidated Annual Action Plan was created through a fifteen week civic engagement process, which included online and print citizen surveys, five public meetings, one public hearing, and an online comment submission form. Public comments received during the civic engagement process are included in the supporting documentation. The Niagara Falls Community Development Department is confident that our process is a national model of transparent and well-explained public engagement and budgeting. DEPARTMENT OF PUBLIC WORKS: UTILITY CARTS, LEASE EXTENSION, NUTTAL GOLF CARS, INC.

Agenda Item #4
We respectfully request you authorize the Mayor to enter into an extension agreement as follows:

WITH: Nuttal Golf Cars, Inc.
5542 State Route 14
Sodus, New York 14551

FOR: Extension of lease of utility carts through December 31, 2019
Lease price per month for seven (7) utility carts:
$ 790.00
Total for life of lease:
$7,900.00

As the Council may recall, the City entered into a lease agreement with Nuttal Golf Cars, Inc. (Nuttal) in March of 2014 for one hundred (100) golf carts and seven (7) utility carts for a five year term, which expires in March. With the lease of the Hyde Park Golf Course having been recently approved, the City no longer requires the golf carts. Instead, we require a short term lease for the utility carts used in Parking Operations and in the Parks Division at DPW while DPW and the Purchasing Division explore the City’s options starting in 2020.

Currently, the seven (7) utility carts are being rented for a total of $836.32 each month. Under this extension, Nuttal has agreed to provide the required carts through the end of December at a cost of $790.00 per month, which is a cost savings.

Funds for these expenditures are available through budget codes A.7110.3450.0445.003, PO.1720.2560.0440.003 and PO.1720.2570.0440.003.

Will the Council so approve and authorize the Mayor to execute all documents necessary to extend this lease upon the terms set forth herein in a form acceptable to the Corporation Counsel?

RESOLUTION: HEALTH AND WELL-BEING OF DOGS, ADDING CHAPTER 702, CODIFIED ORDINANCES, 2019-25
BY: COUNCIL MEMBERS KENNEDY, TOMPKINS, VOCCIO, CHAIRMAN TOUMA

Agenda Item #14
BE IT RESOLVED, by the City Council of the City of Niagara Falls, New York that Chapter 702 of the Codified Ordinances entitled “Health and Well-Being of Dogs” is hereby added to read as follows:

702.00 Findings/Purpose
This City Council finds that dogs are companions, valued for the animals’ loyal behavioral traits and ability to be kept in close proximity to people in domestic situations. At times, some dogs are left outdoors without means to protect themselves. These animals are exposed and vulnerable to changing weather conditions. In Niagara Falls, weather conditions are known to change quickly. Dangerous weather conditions include temperatures at extreme ends of the spectrum, subzero wind chills, sun, thunderstorms and high humidity. No dog should be left outside, tethered or otherwise, and exposed to the weather for prolonged periods when the temperature falls below the freezing point of water. With temperatures below the freezing point, a dog may experience harm and damage to its skin, causing pain. Similarly, dogs left outside, tethered or otherwise, and exposed for
prolonged periods when the temperature rises to greater than 90°F Fahrenheit are believed likely to experience heatstroke or other bodily harm.

This ordinance is intended to protect and provide for the health and well-being of dogs in Niagara Falls by regulating the manner in which dogs may be kept outdoors. This ordinance is also intended to provide greater protection for tethered dogs than found within New York State Agriculture and Markets Law Sections 353-b and 353 at the time of adoption. It is believed that most dogs tethered outside for prolonged periods do not have adequate protection.

702.01 Regulations
(a) Prohibition. No person who owns or has custody or control of a dog shall knowingly leave such dog outdoors, tethered or otherwise, for longer than a period of one continuous hour at such time as when either (1) the actual air temperature is lower than 32°F Fahrenheit (not accounting for wind chill), (2) the actual air temperature is greater than 90°F Fahrenheit (not accounting for humidity levels), or (3) during such period of time as extreme weather conditions exist, where any such condition in (1), (2), or (3) above is actually known to such person or reasonably should have been known to such person. Actual harm or injury need not be shown to prove a violation of the prohibition in this subsection.

(b) Rebuttable Presumptions. Extreme weather conditions shall be presumed to have been present in the event that a weather alert was in effect for a region reasonably construed and commonly understood to be affecting the region in which the dog was left outdoors and during such time as the dog was left outdoors.
A dog exhibiting signs of frostbite shall be presumed to have been left outdoors for longer than a period of one continuous hour at such time as when the actual air temperature was lower than 32°F Fahrenheit.
A dog exhibiting signs of heatstroke shall be presumed to have been left outdoors for longer than a period of one continuous hour at such time as when the actual air temperature was greater than 90°F Fahrenheit. Exceptions. This ordinance shall not apply:
- To dogs on a leash or other restraint under direct supervision or control of persons actively engaged in recreational activities, including walking, jogging, or running; and
- To dogs required to be tethered under an applicable law, rule, regulation, or court order.

(c) Definitions. For purposes of this ordinance, the terms listed below have specific definitions, as follows:
- “Extreme weather conditions” shall include inclement weather, being weather conditions that are likely to adversely affect the health or safety of the dog, including but not limited to rain, sleet, ice, snow, wind, or extreme heat and cold, and otherwise consistent with the provisions of New York State Agriculture and Markets Law Section 353-b(1)(b), as may be amended from time to time.
- “Weather alert” shall mean a broadcast of the National Weather Service regarding one of the following weather-related events, reasonably construed to be affecting the region in which the dog was left outdoors: blizzard warning, severe thunderstorm (watch or warning), severe weather statement, tornado (watch or warning), winter storm (watch or warning).
“Outdoors” shall mean a location outside a permanent structure capable of habitation or occupancy by people during an extreme weather event or period of time with temperatures falling below 32° Fahrenheit or greater than 90° Fahrenheit (depending on the applicable weather conditions), such as a house, apartment building, or office building. Examples of non-suitable outdoor structures include, without limitation, wire cages and non-insulated structures, including those made of plastic (e.g., calf hutch).

“Tether” shall include the actions of leashing, fastening, securing, chaining, tying, or otherwise restraining a dog to any stationary object outdoors.

702.02 Enforcement, Penalties, and Registration Obligations.

(a) Enforcement Officers. This ordinance shall be enforced by any police officer, dog control officer or peace officers having jurisdiction within the City of Niagara Falls. Such enforcement officers shall have the authority to enforce the provisions of this ordinance and to take such necessary and related enforcement actions, including, without limitation, accepting, recording, and investigating complaints, issuing appearance tickets, obtaining supporting depositions, and preparing and submitting criminal and civil complaints to a court of competent jurisdiction.

(b) Classification of Offense. Any person who violates the prohibition found within Section 702.02 of this ordinance, shall, upon conviction thereof, be guilty of a violation, as defined in Section 55.10 of the New York State Penal Law, as may be amended from time to time. Each calendar day in which such person violates Section 702.02 of this ordinance shall constitute a separate offense.

(c) Penalties and Registration. The court, in its discretion, may impose a sentence of imprisonment to be fixed by the court for a term not to exceed fifteen days, consistent with Section 70.15(4) of the New York State Penal Law, a sentence to pay an amount to be fixed by the court not exceeding the amount of two hundred fifty dollars, consistent with Section 80.05(4) of the New York State Penal Law, or both.

The court may also elect to cause the dog(s) underlying the basis of the conviction to be surrendered or otherwise forfeited by the person after such conviction. The surrender or forfeiture shall be to an enforcement officer, as provided herein above.

In lieu of or in addition to any other penalty imposed under this ordinance, the court may impose upon any person who fails to comply with Section 702 of this ordinance a civil penalty, enforceable and collectable by the City of Niagara Falls, in the amount of two hundred fifty dollars for a first offense, five hundred dollars for a second offense, and one thousand dollars for each additional offense. Conviction of a person under this ordinance shall require such person to register with the Animal Abuser Registry as an Animal Abuse Offender.

(d) Disposition of Fines. All fines collected pursuant to this ordinance shall be the sole property of the City of Niagara Falls.

702.03 Severability

If any clause, sentence, paragraph, section, subdivision or other part of this ordinance or its applications shall be adjudged by a Court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or otherwise invalidate the remainder of this ordinance which shall remain in full force and effect except as expressly limited by such order or judgment.
This ordinance shall take effect on the day it is approved by the City Council of the City of Niagara Falls.

CITY CLERK’S CLAIM REPORT FOR THE MONTH OF FEBRUARY 2019

Agenda Item #1
THIS ITEM WAS RECEIVED AND FILED

THE FOLLOWING COMMUNICATIONS WERE SUBMITTED BY THE MAYOR

CONTRACT: BUFFALO AVE. BRIDGE OVER CAYUGA CREEK-PIN #5761.44, CONSULTANT SERVICES, C&S ENGINEERS, INC., CHANGE ORDER #2

Agenda Item #2
A contract for the above referenced project was awarded to C&S Engineers, Inc. on July 23, 2017 for Professional Services, Design and Construction Support Services and Construction Inspection.

During construction, it was discovered that the bridge needed additional extensive repairs not included in the original scope. The Consultant’s inspection team managed said project so that the additional construction repair costs came in under budget.

The additional time required to manage and inspect the project exceeded the original contract amount approved by Council and this change order is to compensate C&S Engineer’s for that extended construction time. Since there was a savings in the construction phase, that money can be used to offset the additional consultant expenses for a $0.00 increase to the project cost. No new additional monies are required.

Please note that the City is receiving 80% reimbursement of all project cost from Federal Highway Administration, 15% State Marchiselli Funding, and the Local share funding match of 5%.

It is the recommendation of the undersigned that Change Order #2 be approved in the amount of $8,600.00. Funding for this change order is a transfer of funds from the Construction budget to the Consultant's budget.

Will the Council vote to so approve and authorize the mayor to execute a contract in a form acceptable to the Corporation Counsel?

CONTRACT: NIAGARA SCENIC PARKWAY, AMENDMENT, REMOVAL

Agenda Item #3

Please recall that during your meeting on July 5, 2018 the City Council authorized the City to enter into an agreement with the New York State Power Authority ("NYPA"), the New York State Office of Parks, Recreation & Historic Preservation ("State Parks"), the New York State Department of Transportation ("NYSDOT") and USA Niagara Development Corporation ("USAN") regarding a project to remove a portion of the Niagara Scenic Parkway. This construction project, at that time, was estimated to cost $38,500,000 and was to be largely funded through NYPA ($36,500,000).

This project is now underway. During the initial phase of the project, it became clear that construction costs are going to exceed the estimated cost. Therefore, it is necessary to amend the agreement to increase NYPA’s construction funding by an additional $4,200,000 as well as an additional $530,000 to pay USAN’s consultant for design support and monitoring during construction. Once again, there is no cost to the City.

Will the Council approve the Amendment to the Agreement, a copy of which is attached hereto (on file in the City Clerk’s Office) and authorize the Mayor to sign this Amendment together with any other amendments or documents that do not materially affect the City?

Council Member Tompkins moved that the communication be received and filed and the recommendation approved.

It has now been determined that additional light fixtures are needed in rooms not previously included in the initial walk through.
