

The City of Niagara Falls is seeking to fill 4,650 square feet of available space within the 34,250 square foot new Niagara Falls Amtrak Station. The Station is located at 825 Depot Avenue West, in Niagara Falls. This is a great opportunity, as the location of the facility is within the scenic Niagara River Greenway at the center of the Gorge View Waterfront District. The facility will be able to serve multi-modal travelers and has guaranteed daily traffic as a travel hub along the Main St. / Whirlpool Corridor at the gateway to the Whirlpool Rapids International Bridge.
