1.0 BACKGROUND

The City recognizes the efficiency related to collecting both refuse and recycling from carts and is therefore developing a program whereby program participants are issued carts suitable for both semi and fully-automated collection, with the exception of monthly bulk collection (refuse) and cart based, every-other-week recycling collection. Therefore, the City is expecting the investment in refuse and recycling carts will maximize collection efficiencies by utilizing automated loading features.

The City encourages prospective contractors to incorporate cost saving approaches and any methods to increase recycling participation in their proposals. An educational strategy that covers cart based collection, importance of maintenance, schedules for collection and placement of carts.

2. CURRENT REFUSE AND RECYCLING OPERATIONS:

- 2.a. The current refuse and recycling program includes weekly pickup of solid waste in customer provided refuse containers and single stream recycling in City provided bins (18-gallon). Residents are allowed to place one (1) bulk item with their weekly scheduled collection.
- 2.b Residents and property owners of Niagara Falls, New York may bring bulk refuse which is generated in the City to the Contractor's Facility. Permits for doing this are provided by the City to the residents (approximately 700 City permits are issued per year). Residents then bring the refuse to the Contractor's facility, vehicles are weighed incoming and outgoing. An invoice is submitted to the City for the tonnage dropped off and the City is billed on the same per ton basis as the bulk refuse picked up at curbside.
- 2.c The City's Corporation Yard has two 65 cubic yard and one 30 cubic yard roll-off dumpsters that are utilized for various refuse that is collected by City Crews. When called for, the Contractor will come to New Road and empty the dumpster and haul the refuse to the Contractor's facility. The City is billed on the same per ton basis as the bulk refuse picked up at curbside
- 2.d The City's Municipal Services Building, 1925 Main Street, Niagara Falls, NY. has two 8 cu. yd. dumpsters that are serviced twice/week.
- 2.e. The City has a separate contract for additional dumpster services when needed for special events.
- 2.f. Electronics are recycled thru a City operated program.

3.0 BID SUBMITTAL REQUIREMENTS

Each respondent shall submit information regarding their proposed approach for implementation of the project, in addition to the required information contained in the specific proposal conditions. The approach shall include the following minimum information:

- 3.1 *Contractor's Description of Requested Services*** – Provide a detailed description of the Contractor's ability to implement the project as proposed throughout this bid document and the likelihood for success. List key milestones and potential obstacles. Provide a project schedule indicating key dates. As part of this information, respondents should supply a list of existing projects, a summary of how they are similar in nature to this proposed project, and associated references that can be contacted.

- 3.2 *Commitment to Waste Reduction*** – Respondent Contractors commitment to compliment the City’s strategy to reduce the quantity of waste destined for disposal and support the economic and strategic development plans to encourage and maintain waste reduction.
- 3.3 *Description of Curbside Recycling Program*** - Respondent Contractors description of proposed curbside recycling collection program that engages residents to participate and seeks to minimize contamination placed by users in recycling containers.
- 3.4 *Program to Minimize Missed Collections and Manage Complaints*** - Respondent Contractors shall include a proposal to mitigate missed collections and establish a system where the contractor will be able to rectify complaints received by the City regarding missed collection, poor handling of refuse and recycling containers, and any other issues that may arise concerning the work performed by the contractor.
- Customer complaints will be first answered and administered by the City. The Contractor shall be responsible for responding to customer complaints forwarded to the City. The City will then forward prioritized complaints to the Contractor either by e-mail or facsimile.
- The Contractor shall have a minimum of two (2) phone lines, one facsimile number and one e-mail dedicated to this account for City correspondence and the forwarding of collection problems.
- 3.5 *Proposal Exceptions:*** - The Respondent Contractor shall furnish a list that specifies any proposal exceptions.
- 3.6 *Contractor Qualifications*** - Provide an organizational chart, inclusive of responsibilities and reporting relationships of personnel, and supporting text describing the background of the organization. Include a list of all legal and contractual relationships between and among respondent team members. Include a short business history of respondent team members that is inclusive of experiences with provision and services requested in this Bid.
- 3.7 *Value Added Alternatives*** - Describe specific methodologies, innovative practices and potential cost saving measures relevant to this Bid.
- 3.8 *Financial Viability/Funding Sources*** - Provide a description of proposed package and identify anticipated costs and total financial investment. Justify the financial viability of the proposed approach.
- 3.9 *Certified Financial Statements*** - Provide five (5) years of audited financial statements including balance sheets, cash flow and income statements.
- 3.10 *Bond and Credit Ratings/References*** - Provide bond and credit rating information. Include a minimum of three (3) bond and credit references.
- 3.11 *Demonstrated Financial Performances*** - Demonstrate the ability to meet contract securing requirements by supplying information on previous projects including financial guarantees, letters of credit and payment and/or performance bonds.
- 3.12 *Affirmative Action/Equal Opportunity Employment*** - This project will be subject to applicable laws, directives, and regulations as promulgated by State and Local authorities in the area of Equal Employment Opportunity (EEO). The respondent is required to include in its proposal an Affirmative Action Plan, which incorporates the City’s EEO Policy (Appendix “F”).

- 4.38 Waste Reduction Program** – programs designed to reduce the volume of solid waste, to enhance reclamation and recovery of solid waste or recyclables otherwise destined for the municipal waste stream, and includes recycling programs; changes to the packaging portion of the waste stream to reduce solid waste generated; and activities and enterprises of scrap dealers.
- 4.39 Yard Waste** – compost material, organic yard and garden waste, grass clippings and brush. This term does not include regulated material.

5.0 GENERAL PROPOSAL CONDITIONS:

- 5.1 ***Bid Bond or Certified Check*** – included in your bid package you must submit a certified check, payable to the order of the City of Niagara Falls, NY for a sum equal to ten thousand dollars (\$10,000), or a bond with sufficient sureties in a penal sum equal to ten thousand dollars (\$10,000), with the condition that if the bid is accepted, the successful bidder will enter into a contract for the terms of the agreement, and that he/she will execute an agreement with the City within fifteen (15) days from the date of acceptance of the bid, as specified in the proposal conditions.
- 5.2 ***Period of Validity*** – all proposals shall be valid for a period of 90 days from the last date to submit proposals.
- 5.3 ***Responses Required*** – all Successful Bidders must respond to all General Proposal Conditions and Specific Proposal Condition sections when submitting their final response.
- 5.4 ***Correspondence*** – all communications concerning the Bid Specifications must be submitted, in writing, to City of Niagara Falls, New York via e-mail to shirley.bernat@niagarafallsny.gov Only written questions submitted via email will be accepted. No response other than written responses distributed by the City of Niagara Falls, New York will be binding upon City of Niagara Falls, New York. Questions will be answered, in writing, and sent via e-mail to those requesting Specifications or who have submitted their Contact information to the City.

It is the respondent's responsibility to check the City of Niagara Falls, New York website for any addenda or other communications, which may be necessary during the solicitation period.

- 5.5 ***Award of Contract*** - City Council will be presented with the City Administrator's recommendation for award and vote at their regular meeting.
- 5.6 ***Insurance Requirements*** – before performing any work related to the awarded contract the Successful Bidder shall procure and maintain, during the life of said contract, insurance coverage as outlined in (Appendix "D" Instructions for City of Niagara Falls Standard Insurance Certificate).
- 5.7 ***Laws*** - Each and every provision of law and clause required by law to be inserted in this agreement shall be deemed to have been inserted herein. If any such provision is not inserted through mistake or otherwise, then upon the application of either party, this Contract shall be physically amended forthwith to make such insertion. In particular, the Contractor shall, among other things, fully comply with:
- a) Labor Law Section 220-e and Executive Law Sections 291-299 and the Civil rights Law relating to prohibition against discrimination and equal opportunity.
 - b) Affirmative action as required by the Labor Law.
 - c) Prevention of dust hazard required by Labor Law Section 222-a.
 - d) Preference in employment of persons required by Labor Law Section 222.
 - e) Eight hour day as required by Labor Law Section 220(2).
- 5.8 ***Indemnification*** – The work performed by the Contractor shall be at the risk of the Contractor exclusively. To the fullest extent permitted by law, the Contractor shall indemnify, defend (at Contractor's sole expense) and hold harmless the City of Niagara Falls, its representatives, members, designees, officers, directors, employees agents, successors, and assigns ("Indemnified Parties"), from and against any and all claims for bodily injury, death or damage to property, demands, damages, actions, causes of action, suits, losses, judgments, obligations and any

liabilities, costs and expenses (including but not limited to investigative and repair costs, attorney's fees and costs, and consultant's fees and costs) ("Claims") which arise or are in any way connected with the work performed, Materials furnished or Services provided under this Agreement by the Contractor or its agents. These indemnity and defense obligations shall apply to any acts or omissions, neglect or willful misconduct of the Contractor, its employees or agents, whether active or passive. Said indemnity and defense obligations shall further apply, whether or not said claims arise out of the concurrent act, omission, or neglect of the Indemnified Parties, whether active or passive. Contractor shall not be obligated to indemnify and defend the City of Niagara Falls for claims found to be due to the sole negligence of willful misconduct or Indemnified parties.

Contractor's indemnification and defense obligations hereunder shall extend to Claims occurring after this agreement is terminated as well as while it is in force, and shall continue until it is finally adjudicated that any and all actions against the Indemnified Parties for such matters which are indemnified hereunder are fully and finally barred by applicable Laws.

5.9 **Performance Bond** – the Contractor shall, within ten (10) days after the receipt of the Notice of Award furnish the City of Niagara Falls with a Performance Bond in a penal sum equal to the amount of the Contract based on the bid price for each year conditioned upon the performance by the Contractor of all undertakings, covenants, terms, conditions and agreements of the Contract Documents. Such bond shall be executed by the Contractor and a Corporate Bonding Company licensed to transact such business in the State of New York. The expense of the Bonds shall be borne by the Contractor. If, at any time, a surety on any such Bond is declared bankrupt or loses its right to do business in the State of New York, Contractor shall, within ten (10) days after such event, substituted an acceptable Bond (or Bonds) in such form and sum and signed by such other surety or sureties as may be satisfactory to the City of Niagara Falls. The premiums on such Bond shall be paid by the Contractor. No further payments shall be deemed due nor shall be made until the surety or sureties have furnished an acceptable Bond to the City of Niagara Falls.

5.10 **Force Majeure** – If either party is rendered wholly or partially unable to perform any of its obligation under this agreement(s) because of an event of Force Majeure, that party shall be excused from whatever performance is affected by the Force Majeure event to the extent so affected, provided:

The non-performing party promptly provides written notice to the other party of the particulars of the occurrences including estimation of its expected duration and probably impact on the performance of its obligation hereunder, and continues to furnish timely regular reports with respect thereto during the period of Force Majeure;

The suspension of performance shall be of no greater scope and no longer duration than is reasonably necessitated by the event of Force Majeure;

The non-performing party shall provide the other party with the prompt notice of the cessation of the event of Force Majeure giving rise to the excusal from performance.

5.11 **Standard of Performance** – In the event that the contractor shall at any time during the term of this agreement, fail or refuse to accept materials to be collected and/or processed pursuant to this agreement for reasons other than force majeure, the contractor shall be liable to the City for the actual cost that the City would be required to collect, haul and dispose of the material. Provided,

however, if the contractor is unable for any cause to resume performance, at the end of thirty (30) calendar days, all liability of the City under this agreement to the contractor shall cease and the City shall be free to negotiate with other contractors.

- 5.12 **Subcontract** – the Successful Bidder agrees to not assign, transfer, convey, sublet or dispose of this agreement or of his right, title or interest therein or his power to execute same without the consent, in writing, of the City of Niagara Falls, New York or to any monies which are to become due or payable to him because thereof, to any person, company, or corporation without the provisions of this agreement, in favor of any person, association or corporation except Successful Bidder. The City of Niagara Falls, New York shall not unreasonably withhold such written consent. When submitting a bid to the City the bidder must stipulate what, if any portion of the contract will be assigned or sublet and what other company or companies will be involved in the contract.
- 5.13 **Termination** - unless otherwise provided by applicable statute, rule, or regulation, the City of Niagara Falls may terminate this agreement, and all liability of the City of Niagara Falls, NY shall be free to enter into recycling arrangements or arrangements with outside contractors and to bring action on the performance bond(s), if:
- a. The Successful Bidder is adjudged bankrupt or makes an assignment for the benefit of creditors; or
 - b. A receiver or liquidator is appointed for Successful Bidder or for any of (his/her/its) property and is not dismissed within 20 days after such appointment or the proceedings in connection therewith are not stayed on appeal within the said 20 days; or
 - c. The Successful Bidder refuses or fails to prosecute the work or any part thereof with due diligence; or
 - d. The Successful Bidder fails to comply with all applicable laws or ordinances; or
 - e. The Successful Bidder is guilty of a substantial violation of any provisions of this contract.
- 5.14 **Regulatory Compliance** – Contractor, at its sole expense, shall comply with all laws, orders and regulations of Federal, State and Municipal authorities and with any direction of any public officer, pursuant to law, which shall impose any duty upon Contractor with respect to Contractor’s operations. Contractor, at its sole expense, shall obtain all governmental or other licenses or permits which may be required for the conduct of its business within the terms of its bid and contract. Contractor shall agree to indemnify and hold the City harmless for any damages resulting from a violation of this provision, which shall be in addition to the indemnification provisions on page 20 of this document.
- 5.15 **Information Provided by the City** - the City makes no guarantee on any of the estimates contained in the Bid Specifications and provides this data for informational purposes only. The Successful Bidder is expected to conduct their own investigations and research of relevant information used to develop their proposals. The Successful Bidder shall make no claims against the City as a result of estimates or projections used herein, statements, or interpretation of data by City staff or its agents.
- 5.16 **Cost and Expenses of Offers** – The City accepts no liability under any circumstances for any cost or expenses incurred by Successful Bidder in acquiring, clarifying, or responding to any condition, request, or standard contained in this Bid.

- 5.17 ***Cancellation or Modification of Bid Specifications*** – the City shall accept all proposals submitted properly but reserves the right to accept or reject in whole any of the proposals submitted. The City, however, reserves the right to request clarification or corrections to proposals. The City reserves the right to issue such clarifications, modifications, and/or amendments, as it may deem appropriate. The unreasonable failure of a respondent to promptly supply information in connection with such a request may be grounds for a determination of non-responsiveness. If there is any disagreement or discrepancy between this Bid Specification and any supplemental or amendment, the most recent supplement shall govern.
- 5.18 ***Ownership and Disclosure*** – Questions and comments received in response to the Bid Specifications will be retained by the City under New York State Law, are matters of public record and subject to public inspection. To the extent allowed by applicable laws, the City will not disclose proposal submission until the contract is awarded.
- 5.19 ***Auditing Requirements*** - The City of Niagara Falls may make reasonable inspections of the site(s) or facility(ies) through designated personnel during normal business hours upon advance notice to the Successful Bidder, to determine that it meets all New York State Department of Environmental Conservation requirements for the purpose. The Successful Bidder must submit with the proposal a statement as to the exact location, minimum operating hours when materials at the site(s) will be allowed. The Successful Bidder shall agree to allow an inspection of their site(s) by representatives of the City of Niagara Falls prior to the making of an award of this bid.
- 5.20 ***Additional Comments*** – the Successful Bidder agrees that if they are awarded this contract, they will enter into a formal agreement drafted by the City of Niagara Falls and approved by the Successful Bidder in conformance with the Bid Specification documents and proposal.

The Successful Bidder is advised that the subsequent agreement(s) resultant of this bid will have an initial term of five (5) years and at the City's option a five (5) year extension from the date of mutual written consent between the City of Niagara Falls and Successful Bidder. Notification in writing of the option to extend the agreement must be given to the Successful Bidder on or before ninety (90) days prior to the extension period.

The failure of the City of Niagara Falls at any time to require performance by the Successful Bidder of any provisions hereof, shall in no way affect the right of the City of Niagara Falls to hereafter to enforce same. Nor shall a waiver by the City of Niagara Falls or any breach of any provisions hereof be taken or held to be a waiver of any succeeding breach of such provision or as a waiver of any provision itself.

This agreement shall be governed by the laws of the State of New York, both as to interpretation and performance.

The agreement constitutes the entire agreement and understanding between the parties hereto, and it shall not be considered modified, altered, changed, or amended in any respect unless in writing and signed by the parties hereto.

If any provision of the agreement shall be declared illegal, void or unenforceable, the other provisions shall not be affected, but shall remain in full force and effect.

- 5.21 ***Applicable Laws*** - this Bid Specification and any corresponding Contract will be governed by and construed in accordance with the laws (excluding the laws of choice or conflicts of laws) of the State of New York. The captions appearing in this Bid Specification are inserted only as a matter of convenience and in no way define, limit, construe or describe the scope or interpretation of the Bid Specification. No waiver by a party of any breach of any provision of the Bid will constitute a waiver of any other breach of that or any other provision of the same. In the event that any of the provisions contained in this Bid Specification and any corresponding Contract are held to be unenforceable such provisions will be narrowed (or deleted if necessary) to the minimum extent necessary to make them enforceable. In the event that dispute arises between the parties hereto, the parties consent to the exclusive jurisdiction of the Supreme Court of the State of New York located in Niagara County, New York.
- 5.22 ***Independent Parties*** - each of the parties to this Bid Specification and any corresponding Contracts shall be an independent party and nothing in the Bid Specification and any corresponding Contract shall be construed as constituting the Successful Bidder for the City as a partner, joint venture or as creating the relationship of employer and employee, franchiser or franchise, principal and agent or any other form of legal association that would impose liability on one part for the act or failure to act on the other party.
- 5.23 ***Taxes*** - the Successful Bidder agrees to be responsible for their own tax obligations accruing as a result of payments for services rendered under the Contract as well as for the tax withholding obligations with respect to the Successful Bidder's employees, if any. It is expressly understood and agreed by the Successful Bidder that should the City, for some reason, incur tax liability or charges whatsoever as a result of not making any withholdings from payments for services under this Agreement, the Successful Bidder will reimburse and indemnify the City for the same.

6.0 GENERAL CONTRACTOR REQUIREMENTS

Contractors shall comply with the following requirements:

- 6.1 ***Vehicles*** – the vehicles used for hauling Refuse, Bulk Items and Recyclables will be of a length, width and height within legal highway limits. All vehicles will have any required regulatory approvals for hauling the wastes. All vehicles must not leak any wastes. It is the Contractor's responsibility to ensure that its vehicles will be able to reach all locations where Refuse, Bulk Items and Recyclables are to be picked up.

The City and Contractor will agree on a master list of vehicles to be used for hauling of Refuse, Bulk Items and Recyclables. The master list may contain the truck number, tare weight, volumetric capacity and other information the parties may agree.

- 6.2 ***Current Refuse Collection Schedule and Routes*** – refuse shall be collected at a frequency of once per week to each property within the City. The Contractor is responsible for reviewing and following the existing collection schedule within the City or establishing a collection schedule subject to approval by the City which shall remain consistent throughout the life of the contract. Collection routes can be found in Appendix "G & H". The Contractor is advised to provide routing that best suits their operations and eliminates conflicts with City operations, pedestrians, schools and traffic as much as possible.

Any change or departure from the schedule of days of collection shall only be made with the approval by the City after 30 days notice given by the Contractor by publishing in the local newspaper and delivering of a handbill to each resident/business from which collection of materials is required hereunder, all at the expense of the Successful Bidder.

The Contractor shall expect to service new parcels throughout the contract period; similarly there are parcels that will go vacant and collection will cease. The City, to its best ability, shall notify the Contractor monthly of all such changes to which parcels require, or do not require, refuse and recycling collection.

If due to inclement weather or unforeseen conditions, the Contractor fails to furnish the Collection of Refuse, Bulk Items and Recyclables on the days specified, the Contractor will proceed to complete the work hereafter, but in no event to exceed a period of 48 hours after the scheduled day of collection.

- 6.3 ***Refuse Disposal Locations*** – the Contractor shall guarantee that the Refuse Disposal Locations(s) used are in compliance with all applicable laws, ordinances and regulations. Copies of all necessary permits required must be submitted to the City if requested. In the event the Contractor seeks to add new Solid Waste Management Facilities or substitute new Solid Waste Management Facilities for the management (disposal and/or recycling) of Refuse, Bulk Items and Recyclables, the Contractor will give notice to the City. The Contractor will include copies of all required Regulatory approvals for the new or substitute facility. The Contractor shall incur all fees and extra handling costs if the new or substitute facility is located farther away from the City.
- 6.4 ***Equipment and Personnel*** - the Contractor agrees to provide sufficient resources (manpower and equipment) to complete the work required under this Contract, and further agrees to have reserve equipment available.

The Contractor shall exercise caution at all times for the protection of persons and property. The safety provisions of all applicable laws shall be observed and are the sole responsibility of the Contractor. Machinery, equipment, and all hazards shall be guarded or eliminated in accordance with safety provisions applicable to the work to be performed under this contract and the equipment used therein.

The Contractor must exercise due care in the hauling of Refuse, Bulk Items and Recyclables. The Contractor shall be compelled to clean-up and hereby agrees to clean-up any unsightly condition caused by carelessness on the part of its employees in handling of Refuse, Bulk Items and Recyclables. The Contractor, promptly upon becoming aware of any spills in transit will give notice to the City and will supply the City with a copy of any notice given to any governmental agencies of such spill.

The Contractor shall keep fully informed of all national and State Laws and all Municipal Ordinances and regulations, in any manner affecting the work or performance of this Contract or any extra work performed by the Contractor, whether or not such laws, ordinances or regulations are specifically referred to herein and shall at all times observe and comply with said laws, ordinances or regulations and shall indemnify and save harmless the City and its officers or agents against any claim or liability arising from or based upon the violation of any such laws, ordinances or regulations.

- 6.5 **Subcontract** - the Contractor shall not be permitted to subcontract any part or all the work to be performed hereunder without first obtaining, in writing, from the City approval of the subcontract or subcontractors methods and equipment.
- 6.6 **Complaints** - the Contractor acknowledges that this is a service type contract with the City of Niagara Falls and that the customers are not a party to this contract. The Contractor agrees, however, to receive requests for service, suggestions and complaints directly from customers and use all facilities of the Contractor to meet, satisfy and comply with customer complaints in accordance with the terms of this agreement.
- 6.7 **Service Payment** - the City shall pay the Contractor monthly based on the unit price per month for the Collection of Municipal Solid Waste, Bulk Waste and Recyclable Collection and Processing performed for the previous month.
- 6.8 **Reports and Records** - the Contractor shall provide monthly records documenting the weight of each truck load delivered. Monthly records, at a minimum, must include the time, date, truck number and net weight of each truck load delivered, daily tonnage report, separate monthly summaries of total refuse and total recyclables delivered (tons) and number of residential and commercial recycling stops. The report must be delivered to the City no later than the 7th day of the month following the month in which the tonnage was delivered. Reports shall be mailed to the City Controller's Office, City Hall, 745 Main Street, PO Box 69, Niagara Falls, NY 14302-0069.

The Contractor shall provide quarterly reports within seven (7) calendar days after the end of each calendar quarter (April, July, October, January) documenting, but not limited to, scheduled operating days and changes in operations; maintenance summary; accident reports; and other records deemed appropriate by the City of Niagara Falls.

The Contractor shall provide the City with all certifications verifying that the scale(s) meet accuracy required by applicable law.

- 6.9 ***Alternate/Back-up Plan*** - Provide a full and complete back-up operations plan in the event that the contracted services are suspended. The Contractor may cease collection of refuse and recyclables only if an emergency-only travel ban has been issued for the City of Niagara Falls or under discretion of the Mayor conditions are deemed hazardous for Contractor's personnel or residents of the City.
- 6.10 ***City Issued, Wheeled Refuse and Recycling Carts*** – the City anticipates purchasing wheeled carts and delivering to residents for use in collecting refuse and recycling. An acceptable container shall be an injection or rotational molded, high/medium density polyethylene body and lid, durable plastic, two-wheel assemblies, a solid steel axle and a lift bar.

The City will provide a maximum of six (6) wheeled refuse carts (65 gallon) capable of fully automated collection for the sole purpose of refuse storage and collection to each single, double, triple and multi-family family dwelling. The City will consider all reasonable and limited use of semi-automated collection for areas of limited access or other justifiable actions by the Contractor. Commercial, Industrial and Institutional properties within the City will have the option to subscribe to this program or independently contract refuse hauling services. The City will also provide a maximum of six (6) recycling carts (95 gallon) capable of fully automated collection for the sole purpose of recycling storage and collection to each single, double, triple and multi-family family dwelling.

- 6.11 ***Wheeled Refuse and Recycling Cart Responsibility*** – The City will retain full ownership and responsibility for maintenance for the wheeled refuse and recycling carts, issuing replacement containers, coordinating and managing service level changes and handling warranty related issues as necessary. The City issued containers are owned by the City, shall remain at the premises at all times and shall be used solely for the purpose of storage and collection of refuse and recycling. The property owner bears responsibility for the use, storage and care of the City-issued container.
- 6.12 ***Operational Hours*** – collection will take place Monday thru Friday, between the hours of 7:00 A.M. and 7:00 P.M. unless prior approval of the Mayor is obtained. If collection is postponed due to Holidays, etc. it shall resume the next consecutive weekday.
- 6.13 ***Education/Promotion and Outreach*** - The Contractor will work with the City (or representatives thereof) to provide service-orientated information to residents and developing and executing public education to encourage waste reduction and recycling. The Contractor shall provide an 8-1/2" x 11" two-color insert to be included in each customer's recycling receptacle. This insert will inform City residents of the specifics of the refuse and recyclables collection program including a collection schedule, a listing of acceptable materials and instructions on proper handling of the collection bins or carts. The contents of the insert will be approved by the City.
- The Contractor shall provide another such insert six months into the contract and each twelve months thereafter via direct mail and also submit electronic versions to the City.
- 6.14 ***Public Informational Meetings*** – Upon selection, but prior to implementation of the refuse collections service, the selected Contractor will be required to participate with City staff and Council in two or more public meetings which will describe the new service to City residents.

7.3.3.d By February 27th all properties serviced in the Thursday pick-up district.

7.3.3.e By March 14th all properties serviced in the Friday pick-up district.

7.3.4 The Contractor shall specify instructions to the City for placement of refuse carts at the curbside consistent with collection methodologies. It will be the responsibility of the occupant of the residence/business to place the refuse containers at the curbside for collection and to remove said refuse containers from the curbside after collection is completed. The Contractor shall not be required to enter any building or private property for the collection of Refuse or Recycling (unless a private contract exists between Contractor and property owner).

- 7.3.5 All emptied containers shall be placed between the sidewalk and the curb, and not on the sidewalk, road, or driveway, and in a manner that does not impede pedestrian or vehicular traffic. Containers shall be handled at all times as to prevent damage to the container and to reduce noise of handling and collection. Throwing or tossing of containers shall not be allowed. The City will require residents to place in the provided containers and that the containers are to be used for only those materials designated. Cardboard, free from any plastic packaging, must be flattened and may be placed next to recycling containers.
- 7.3.6 The City will issue a quarterly report documenting changes involving frequency, size, location and number of containers for collection to the Contractor.
- 7.3.7 ***Collection from Multi-Residential Parcels*** – All owners must have a sufficient number of receptacles to hold all solid waste accumulated between scheduled collections and shall not allow solid waste to be stored or to accumulate on their property in a manner or amount contrary to the rules and regulations of the City’s Ordinance. No property shall have more than six (6) 65 gallon refuse carts for collection. Multi-Residential Parcels exceeding six units must make their own arrangements for refuse services. Consistent with limitations for residential users, Multi-residential users are granted disposal of one (1) bulk item per month.

7.4 **REFUSE DISPOSAL**

- 7.4.1 As a component of this bid package the City of Niagara Falls, NY is requesting bids on a Service Contract for Non-hazardous Solid Waste, Non-Putrescible Bulky Waste and Refuse Disposal. Such solid waste shall be construed to mean solid waste generated from residential, commercial, institutional and industrial sources that are designated by the municipality and that are allowed to be disposed in incinerators and/or sanitary landfills by the regulatory agencies having jurisdiction over the disposal facilities’ operations. Typical components of such waste include household garbage and rubbish. Specifically excluded are sludges, septic tank pumping, regulated medical wastes, and pathological wastes. Respondent Contractors are directed to list any and all exceptions to the bidding specifications.
- 7.4.2 It is the intent and purpose of this service Contract(s) to assure continuous non-interrupted disposal of Non-Hazardous Municipal Waste, generated within the City of Niagara Falls, New York. The City is requesting a per ton rate for disposal of Non-Hazardous Solid Waste/Non-Putrescible Bulky Waste collected as part of this contract.
- 7.4.3 The following specifications for the disposal of non-hazardous municipal solid waste, non-putrescible bulky waste and refuse generated within the City of Niagara Falls, NY are listed below:
- 7.4.3.a The Contractor shall not be responsible for collecting and disposing of hazardous, pathogenic, explosive wastes or sludges. However, it is reasonable to expect that there is a chance of accidental mixing of such wastes with the normal refuse stream. The Contractor must be prepared to deal with such situations. The City must be contacted when the Contractor finds such material.

- 7.4.3.b The City of Niagara Falls, New York shall reserve the right for any portion of the waste stream specified for collection as recycling or targeted for refuse, reduction and composting. For purposes of this Bid, beneficial use and composting shall be considered recycling and reuse.
- 7.4.4 The successful Bidder, upon execution of the contract will be the exclusive provider of the specific service during the term of the contract and/or extensions.
- 7.4.5 This disposal contract shall cover all Single, Double, Triple and Multi-Residential Parcels.
- 7.4.6 A history of the tonnage of solid waste and bulk waste generated by the City is attached (Appendix "E"). There is no guarantee of any future quantities.

7.5 RECYCLING COLLECTION, PROCESSING AND MARKETING

It is the intention of the City of Niagara Falls, New York to procure services for curbside collection and processing of recyclables from the City's single, double, triple and multi-residential. It is expected that all recyclables will be collected as "Single Stream" to avoid sorting at the hauling truck prior to delivery to a Transfer Station or Materials Recovery Facility (MRF).

- 7.5.1 The City expects to deploy all recycling carts beginning January 1, 2014 and to be completed by March 30, 2014. Therefore, year one (1) of the contract shall include the collection of recycling from residential parcels consistent with the current methodology of recycling from 18-gallon recycling bins for a period not to exceed three (3) months. Residents and Haulers will be advised when collection will switch to automated service and to begin using carts.
- 7.5.2 The City of Niagara Falls, New York is requesting bidders to provide rates to collect recyclable curbside from wheeled recycling carts at a frequency of every-other week.
- 7.5.3 The following describes the expected responsibilities of the Contractor collecting and processing recyclables.
 - 7.5.3.a The term of the contract shall remain consistent with the length of the Service Contract Period.
 - 7.5.3.b The contractor shall be responsible for the collection and processing of recyclables left in appropriate (designated) receptacles. The Contractor shall also be responsible to collect corrugated cardboard that is flattened (three feet long by three feet wide) and left no more than five (5) feet from the curb.
 - 7.5.3.c Each district's recyclables must be collected on the day specified for Refuse Collection. The Contractor is advised to provide routing that best suites their operations and eliminates conflicts with City operations as much as possible.

- 7.5.3.d The Contractor shall receive and process all recyclables as delivered. The Contractor shall then assume full responsibility for the efficient and environmentally sound processing and marketing of the recyclables. The recyclable material will include, but not limited to, newspaper, corrugated cardboard, paperboard/boxboard/chipboard, junk mail, office paper, old telephone books, magazines, glass bottles, metal cans, and plastic containers (full list in Appendix "C"). As additional materials become feasible for curbside recycling, the City will work with the Contractor to add these items to the program. The Contractor is required to list any exceptions or additions to the list of acceptable recyclables as part of the bid.
- 7.5.3.e It shall be the contractor's responsibility to market the recyclables in a timely manner. All materials collected from City units and deemed recyclable must be recycled. Under no circumstance shall any of the recyclables be disposed of. A violation of this principle will subject the Contractor to possible default of the contract. Disposal of non-recyclable items collected (recycling contaminants) which may be included in the recyclables, shall be the responsibility of the Contractor.
- 7.5.3.f Excluded from the definition of recyclable materials are the following for which the contractor shall have no obligation to accept or process (herein the "excluded wastes"): any radioactive, volatile, highly flammable, explosive toxic, biomedical, or hazardous material or any other waste or material not meeting the requirements of this agreement. The term "hazardous material" shall include, but not be limited to, any amount of waste listed or characterized as hazardous by the United States Environmental Protection Agency or any State Agency of jurisdiction. However, it is reasonable to expect that there is a chance of accidental mixing of such waste with normal refuse stream. The Contractor must be prepared to deal with such situations. The City must be contacted when the Contractor finds such material.
- 7.5.3.g The Contractor should be prepared to display good faith effort to remove unacceptable recycling materials and materials that are not listed as recyclable. If the Contractor identifies items placed in recycle containers that are not acceptable as recyclable, it shall be the responsibility of the Contractor to remove said items from the containers, collect the remaining recyclables, and return the offending items back into the recycling box. The Contractor shall leave a notice in or on the container describing acceptable items that may be set-out for recycling.
- 7.5.3.h In the event materials are left out in an incorrect manner for collection, the Contractor shall notify the City in a daily submittal list identified as "Notice of Uncollected Materials". This daily notice shall consist of a listing of address, type of materials uncollected and the basis for collection refusal.
- 7.5.4 A copy of current NYSDEC permit, including any conditions, for the operation of the MRF must be included with your bid.

7.5.5 **RECYCLING COLLECTION CARTS**

The City will maintain ownership and responsibility for maintenance of all issued refuse carts. It shall be the responsibility of the City to deliver additional carts to parcels for new or existing customers, or to replace lost or stolen carts for existing customers.

The following summarizes the cart sizes the City anticipates providing for City properties;

7.5.5.a ***Single Family Parcels*** – property owners will receive one (1) 95 gallon recycling container.

7.5.5.b ***Double Family Parcels*** – property owners will receive two (2) 95 gallon recycling containers.

7.5.5.c ***Triple Family Parcels*** – property owners will receive three (3) 95 gallon recycling containers.

7.5.5.d. ***Multi-Residential Family Parcels (not to exceed six (6) units)*** – property owners must adhere to City Ordinance requirements and will receive 95 gallon recycling containers (not to exceed six (6) carts total). Multi-Residential Parcels exceeding six units must make their own arrangements for recycling services.

7.5.5.e ***Additional Containers for Recycling*** – the following containers are used at City facilities for recycling and will be serviced on the scheduled recycling days for that section:

7.5.e.1 6 cu. yd. R.E.L.'s for use at various City buildings (currently using 3 at 2 locations)

7.5.e.2 95-gallon carts for use at various City buildings (currently using 20 at 6 locations)

7.5.e.3 30' – 40' trailer for tires at the Corporation Yard (currently using 1)

7.5.6 **PHASE-IN OF CITY-WIDE RECYCLING CARTS**

The distribution of carts shall occur, phased in based on daily collection route, over a period of three (3) months (based upon manufacturer availability) according to the following schedule. Appendix “H” outlines the districts for pick-up on specified day.

7.5.6.a By January 13th all properties serviced in the Monday pick-up district.

7.5.6.b By January 28th all properties serviced in the Tuesday pick-up district.

7.5.6.c By February 12th all properties serviced in the Wednesday pick-up district.

7.5.6.d By February 27th all properties serviced in the Thursday pick-up district.

7.5.6.e By March 14th all properties serviced in the Friday pick-up district.

7.5.7 The Contractor shall specify instructions to the City for placement of recycling carts at the curbside consistent with collection methodologies. It will be the responsibility of the occupant of the residence/business to place the refuse containers at the curbside for collection and to remove said recycling containers from the curbside after collection is

completed. The Contractor is, in no case, required to enter any building or private property for the collection of Refuse or Recycling (unless a private contract exists between Contractor and property owner).

- 7.5.8 All emptied containers shall be placed between the sidewalk and the curb, and not on the sidewalk, road, or driveway, and in a manner that does not impede pedestrian or vehicular traffic. Containers shall be handled at all times as to prevent damage to the container and to reduce noise of handling and collection. Throwing or tossing of containers shall not be allowed. The City will require residents to place in the provided containers and that the containers are to be used for only those materials designated.
- 7.5.9 The City will issue a quarterly report documenting changes involving frequency, size, location and number of containers for collection to the Contractor.
- 7.5.10 ***Collection from Multi-Residential*** – Multi-Residential facilities which receive solid waste collection services from the City approved hauler shall also participate in a curbside recycling program provided by said hauler by separating recyclable materials from other solid waste and depositing the recycled materials in the recycling container provided.

All owners must have a sufficient number of receptacles to hold all recyclables accumulated between scheduled collections and shall not allow recyclables to be stored or to accumulate on their property in a manner or amount contrary to the rules and regulations of the City's Ordinance. No property shall have more than six (6) 95 gallon recycling carts for collection. Multi-Residential Parcels exceeding six units must make their own arrangements for refuse services

- 7.5.10.a The Owner, Manager or Superintendent of Multi-residential parcels shall provide and maintain, in a neat and sanitary condition, recycling collection areas to receive source separated recyclable material included in the curbside program that are generated by residents or occupants.
- 7.5.10.b The arrangement for collection of recyclable material shall be the responsibility of the Multi-residential user or the agent or person contractually obligated to the user to arrange for collection and disposal of its solid waste.
- 7.5.10.c The City requests the Successful Bidder to provide rates for the collection of recyclables placed at the curbside of Multi-Residential parcels on a per unit (stop), per 95 gallon container basis, consistent with the conditions proposed for residential recycling.

8.0 ADDITIONAL REQUESTS

In addition to all Specific Proposal Conditions, please include pricing for the following:

- 8.1 ***Refuse Disposal Rate*** – for circumstances whereby the City collects refuse generated from hosting City events, Parks and recreation or other activities outside the scope of this Bid, the City requests a unit rate per ton of refuse delivered to a local, NYSDEC permitted solid waste disposal facility, for the duration of this contract.
- 8.2 ***Separate Container Service Rates*** - Every property owner, lessee or occupant of any building, premises or place of business within the City shall provide suitable and sufficient receptacles for receiving and containing solid waste that accumulates or used upon said premises at all times. Construction and Demolition debris resulting from major repairs or remodeling by the owner of any City property will become the responsibility of the property owner to manage. The City recognizes that places of business, Multi-residential units and/or residential property owners will require separate and independent refuse hauling and disposal needs.

The City requests Respondent Contractors provide rates for Container Service, to be offered to City residents and businesses, for the delivery and removal (when full) of refuse and/or construction and demolition debris for 6 cubic yard, 8 cubic yard, 20 cubic yard and 30 cubic yard waste containers. It will be the responsibility of each property owner to enter into a private contract with the Respondent Contractor to take advantage of additional refuse disposal needs.

Additionally, the City may also take advantage of published Container Service Rates included as part of this Bid for seasonal Refuse Management needs to maintain Parks, City sponsored Special Events and for City Infrastructure needs.

STATEMENT OF NON-COLLUSION

**Pursuant to Chapter 675
Laws of 1966**

City of Niagara Falls

Affirmative Action/Equal Employment Opportunity Policy Statement

The City of Niagara Falls is committed to furthering the principles of equal employment opportunity of all employees and applicants for employment without regard to age, race, creed, color, national origin, sex, sexual orientation, gender identity or expression, religion, disability, predisposing genetic characteristics, marital status, military status, or domestic violence victim status. The City also acknowledges its legal and ethical obligation to protect the right of all persons to work in an environment free from discrimination, harassment and retaliation. Accordingly, the City of Niagara Falls will promote the realization of equal employment opportunity through the adoption of specific practices designed to ensure that all employment decisions shall be non-discriminatory, including decisions regarding recruiting, hiring, promotions, terminations, and other terms and conditions of employment.

Providing equal employment opportunity is a system-wide effort. The City shall ensure that all employees, department heads, administrators, boards, commissions and committees are aware of their rights and obligations under this Policy and encourage work environments reflecting appreciation and respect of differences.

The City has been and will continue to be an equal opportunity organization. No Minority and Women-Owned Business Enterprise (MWBE), employee, or applicant will be discriminated against because of age, race, creed, color, national origin, sex, sexual orientation, gender identity or expression, religion, disability, predisposing genetic characteristics, marital status, military status, or domestic violence victim status. The City will take affirmative action to ensure that MWBE' s, employees and applicants are treated without regard to these characteristics. In particular, the City will:

- Include MWBE' s in solicitations;

- Recruit, hire, train, place and promote persons for all jobs without regard to age, race, creed, color, national origin, sex, sexual orientation, gender identity or expression, religion, disability, predisposing genetic characteristics, marital status, military status, or domestic violence victim status;
- Take affirmative steps to ensure that MWBE' s have full participation in our procurement process; and
- Administer other personnel functions, such as compensation, benefits, transfers, layoffs, returns from layoffs, and company-sponsored training, education, tuition assistance and social and recreation programs without regard to age, race, creed, color, national origin, sex, sexual orientation, gender identity or expression, religion, disability, predisposing genetic characteristics, marital status, military status, or domestic violence victim status.

Discrimination is prohibited on account of age, race, creed, color, national origin, sex, sexual orientation, gender identity or expression, religion, disability, predisposing genetic characteristics, marital status, military status, or domestic violence victim status in employment under this contract: (a) in the hiring of employees for the performance of work under this Contract or any Subcontract hereunder, no Contractor nor any person acting on behalf of such Contractor shall by reason of age, race, creed, color, national origin, sex, sexual orientation, gender identity or expression, religion, disability, predisposing genetic characteristics, marital status, military status, or domestic violence victim status, discriminate against any person who is qualified and available to perform the work to which the employment relates; and (b) no Contractor or any person on behalf of such Contractor shall in any manner discriminate against or intimidate employees hired for the performance of work under this contract on account of age, race, creed, color, national origin, sex, sexual orientation, gender identity or expression, religion, disability, predisposing genetic characteristics, marital status, military status, or domestic violence victim status.

The City will periodically analyze its procurement and personnel actions to ensure

compliance with this policy. If there are questions or concerns regarding the administration of this policy or if someone believes she/he has not been treated in accordance with our policy, contact:

General Provisions of Laws Covering Workers on Article 9 Public Work Building Service Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay a service employee under a contract for building service work for a public agency, a wage of not less than the prevailing wage and supplements (fringe benefits) in the locality for the craft, trade, or occupation of the service employee. Such a public work building service contract must be in excess of one thousand five hundred dollars (\$1,500.00).

Building service employee includes, but is not limited, to, watchman, guard, doorman, building cleaner, porter, handyman, janitor, gardener, groundskeeper, stationary fireman, elevator operator and starter, window cleaner, and occupations relating to the collection of garbage or refuse, and to the transportation of office furniture and equipment, and to the transportation and delivery of fossil fuel but does not include clerical, sales, professional, technician and related occupations.

Building service employee also does not include any employee to whom the provisions of Article 8 are applicable.

Responsibilities of the Public Agency

A Public Agency means the state, any of its political subdivisions, a public benefit corporation, a public authority or commission or special purpose district board appointed pursuant to law, and a board of education.

The Public Agency responsible for preparing the specifications for a building service contract must file a statement identifying the types of employees and work to be performed with the New York State Commissioner of Labor, or other fiscal officer¹. A separate filing is required for every building service contract. Only one filing is required for each contract, regardless of the duration of the contract. To file with the Commissioner of Labor, the Public Agency MUST submit a Request for Wage and Supplement Information" form (PW 39) to the Bureau of Public Work, either online, by fax, or by mail.

In response to each filing, the Bureau of Public Work will assign a Prevailing Rate Case (PRC) number to each building service contract, and will issue a Prevailing Wage Schedule setting forth the wage rates required to be paid for work performed and the expiration date of those rates. If work on the contract continues beyond the expiration date set forth in the Wage Schedule, new rates and expiration dates will be made available online as part of the original PRC Prevailing Wage Schedule determination automatically, without further filings or requests from the Public Agency.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year.

The Public Agency must include in the specifications for each building service contract the PRC number assigned to such contract and stipulation obligating the contractor to pay not less than the wage rates set forth in the Prevailing Wage Schedule issued under that PRC number.

Upon the awarding of the contract, the law requires that the Public Agency furnish the following information to the Bureau of Public Work: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Bureau's "Notice of Contract Award" form (PW 16.9) is provided with the original Prevailing Rate Schedule. The Public Agency is required to notify the Bureau of the completion or cancellation of any public work building service contract. The Bureau's PW 200.9 form is provided for this purpose.

Hours

A building service employee, employed by a contractor, shall work up to eight (8) hours in any one day and up to forty (40) hours in any workweek for the appropriate posted prevailing wage rate. A building service employee who works more than eight (8) hours in any one day or more than forty (40) hours in any workweek shall be paid wages for such overtime at a rate not less than one-and-one-half (1.5) times his prevailing basic cash hourly rate.

Wages and Supplements

The wages and supplements to be paid and/or provided to a building service employee, employed on a public work contract shall be not less than those listed in the Prevailing Rate Schedule provided with the awarded contract. In no event shall the basic hourly cash rate of pay be less than the statutory minimum wage or in a city with a local law requiring a higher minimum wage on city contract work, less than the minimum wage specified in such local law.

If a prime contractor on a public work contract has not been provided with a Prevailing Rate Schedule, the contractor must notify the Public Agency who in turn must request an original Prevailing Rate Schedule from the Bureau of Public Work.

¹ The New York State Commissioner of Labor is the fiscal officer on all building service contracts except for those performed by or on behalf of a city, in which case the fiscal officer is the comptroller or other analogous officer of the city.

Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.state.ny.us.

Upon receiving the original schedule, the Public Agency is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the project's date of completion. At a minimum, payrolls must show the following information for each person employed on a public work project: Name; Social Security number; the craft, trade or occupation in which the worker was employed; Hourly wage rate(s) paid; Supplements paid or provided; and Daily and weekly number of hours worked in each craft, trade or occupation.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, cancelled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00. The records required to be maintained shall be kept on the site of the work during all of the time that work under the contract is being performed.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 9, Section 237 of the Labor Law. The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Law, Article 9, Section 237).

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work contract failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 235.2 of the Labor Law to so notify the financial officer of the Public Agency that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Public Agency shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work contract.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeyworkers in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above or is performing work outside the classification of work for which the apprentice is indentured, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 9, Section 231-7a, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency or office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 9 of the Labor Law) constitute a misdemeanor punishable by fine or imprisonment, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 9, Section 239-1).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 9, Section 239-2).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 9, Section 239-3).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 9, Section 239-4).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

IMPORTANT NOTICE

Regarding Article 9 Building Service Contract Schedules

Contracts with PRC#s assigned on or after 8/1/2010:

- Building Service rates (Article 9) will be determined annually on July 1. They are in effect through June 30 of the following year. Employers must pay the newly determined rates each year.
- Any corrections or updates to the annual determination will be posted to the [DOL website](#) on the first day of each month. Employers are responsible for checking for updates each month and paying these updated rates retroactive to July 1st.
- The DOL web site has a [page](#) where employers can enter their specific PRC number to find the correct wage rates for their contracts.

Contracts with PRC#s assigned PRIOR to 8/1/2010:

- The rates in contracts with PRC#s assigned prior to 8/1/2010 will remain effective and extensions to these contracts WILL NOT require a new schedule.

This is a change to our prior notice.

Article 9 wage schedule information is now available [online](#).

Introduction to the Prevailing Rate Schedule

Introduction

The Labor Law requires public work contractors and subcontractors to pay a service employee under a contract for building service work for a public agency, a wage of not less than the prevailing wage and supplements (fringe benefits) in the locality for the craft, trade, or occupation of the service employee. Such a public work building service contract must be in excess of one thousand five hundred dollars (\$1,500).

Requesting a Wage Schedule

For every building service contract, the public agency must file a statement identifying the types of employees and work to be performed by submitting a Request for Wage and Supplement Information form (PW 39) to the Bureau of Public Work, either online, by fax, or by mail. The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year.

The Public Agency must include the specifications for each building service contract the PRC number assigned to such contract and stipulation obligating the contractor to pay not less than the wage rates set forth in the Prevailing Wage Schedule issued under that PRC number.

Hours

A building service employee, employed by a contractor, shall work up to eight (8) hours in any one day and up to forty (40) hours in any workweek for the appropriate posted prevailing wage rates. A building service employee who works more than eight (8) hours in any one day or more than forty (40) hours in any workweek shall be paid wages for such overtime at a rate not less than one-and-one-half (1.5) times the prevailing basic cash hourly rate.

Wages and Supplements

The wages and supplements to be paid and/or provided to a building service employee, employed on a public work contract shall be not less than those listed in the Prevailing Rate Schedule.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the projects date of completion.

At a minimum, payrolls must show the following information for each person employed on a public work project: name; social security number; the craft, trade or occupation in which the worker was employed; hourly wage rate(s) paid; supplements paid or provided; and daily and weekly number or hours worked in each craft, trade or occupation.

NOTE: For more detailed information regarding Article 9 prevailing wage contracts, please refer to "General Provisions of Laws Covering Workers on Article 9 Public Work Building Service Contracts".
