

DEPARTMENT OF CODE ENFORCEMENT  
TELEPHONE: (716) 286-4450

## DEMOLITION PERMIT PROCEDURE

1. Correct address or S.B.L. Number to properly identify the parcel.  
  
A site plan to accurately determine the precise location of the structure(s) (if required).
2. The size of the building/structure being demolished. You will need to provide the Department with the accurate cubic content (length x width x height).
3. You must provide the Department with the correct and accurate demolition cost.
4. A master plumber, licensed by the City of Niagara Falls, must file the proper plumbing permit to cap off the sewer and water (if required).
5. National Fuel Gas must provide us with proof that the gas service has been terminated. It is your responsibility to have this document provided to us (if required).
6. Must be a registered demolition contractor.
7. Asbestos survey shall be provided, if required.
8. Clean letter shall be provided for asbestos, if required.
9. Contact Niagara Falls Water Board for hydrant backflow device (716) 283-9770.
