365.30 FAILURE TO COMPLY WITH CITY, STATE AND FEDERAL LAWS.
Every driver licensed under this chapter shall comply with all City, State and Federal laws. Failure to do so will justify the suspension or revocation of a license.

365.31 DESIGNATION OF TAXICAB.
The taxicabs of every owner operating a taxicab within a City shall be of a color scheme and bear the owner's trade name, monogram or insignia which are clearly and easily distinguishable from the color scheme, owner's trade name, monogram or insignia used on the taxicabs of any other owner's already operating under this chapter. This section shall not apply to liveries operating in the City.

365.32 TAXIMETER REQUIRED.

No taximeter shall be operated from any wheel to which power is applied. They shall be sealed at all points and connections which, if manipulated, would affect their correct reading and recording. Each taximeter shall have thereon a flag to denote when the vehicle is employed and when it is not employed, and it shall be the duty of the driver to throw the flag of such taximeter into a non-recording position at the termination of each trip. The taximeters shall be subject to inspection from time to time by the Police Department. Any inspector or other officer of the Police Department is hereby authorized either on complaint of any person or without such complaint, to inspect any meter and, upon discovery of any inaccuracy therein, to notify the person operating such taxicab to cease operation. Thereupon, such taxicab shall be kept off the streets, until the taximeter is repaired and in the required working condition.

This section shall not apply to liveries operating in the City. Notwithstanding the foregoing, the owner of a livery operating under the authority of this chapter may, at the option of the owner, equip the livery so owned with a taximeter. In the event the owner equips the said livery with a taximeter, all applicable provisions of this chapter pertaining to taximeters shall apply. In addition, the owner, prior to installation of the taximeter in the livery vehicle, agrees to immediately give written notice to the Superintendent of Police of the installation of the taximeter.

The Traffic Engineer is hereby authorized and empowered to establish open taxi stands for the exclusive use of taxicabs in such places upon the streets of the City as he deems necessary. He shall prescribe the number of taxicabs that shall occupy such open stands. The Traffic Engineer shall not create an open stand in front of any place of business where the abutting property owners object to the same or where such open stand would tend to create a traffic hazard. Such open stands shall be designated by appropriate signs or curb markings as the Traffic Engineer shall determine.

Open stands shall be used by the different drivers on a first come, first serve basis. The driver shall pull into the open stand from the rear and shall advance forward as the vehicles ahead pull off. A driver shall be in attendance at every taxicab parked in an open taxi stand. Nothing in this chapter shall be construed as preventing a passenger from boarding the vehicle of his choice that is parked at an open stand.

No owner or driver of a taxicab shall stand or park such vehicle at any place on a public street other than an open stand, except for the purpose of discharging or receiving passengers.

No person shall park or stand any vehicle other than a taxicab in an open taxi stand.

Liveries may not utilize open taxi stands for parking or for any other purpose.

No driver shall solicit passengers for a taxicab except when sitting in the driver's compartment of such taxicab or while standing immediately adjacent to the curb side thereof. No driver of a livery may solicit passengers for a livery. The driver of any taxicab shall remain in the driver's compartment or immediately adjacent to his vehicle at all times when such vehicle is upon the public street, except that, when necessary, a driver may be absent from his taxicab for not more than ten consecutive minutes, and provided further that nothing herein contained shall be held to prohibit any driver from alighting to the street or sidewalk for the purpose of assisting passengers into or out of such vehicle.

No driver shall solicit patronage in a loud or annoying tone of voice or by sign or in any manner annoy any person or obstruct the movement of any persons, or follow any person for the purpose of soliciting patronage.

Drivers of taxicabs and liveries shall not receive or discharge passengers in the roadway but shall pull up to the right hand sidewalk as nearly as possible, or in the absence of a sidewalk, to the extreme right hand side of the road, and there receive or discharge passengers, except upon one-way streets where passengers may be discharged at either the right or left hand sidewalk or side of the roadway, in the absence of a sidewalk.

No driver shall cruise in search of passengers, except in such areas and at such time as shall be designated by the Traffic Engineer. Such areas and times shall only be designated when the Traffic Engineer finds that taxicab cruising would not congest traffic or be dangerous to pedestrians and other vehicles.

No driver, owner or operator shall solicit passengers at the terminal of any other common carrier, not at any intermediate points along any established route of any other common carrier.

No driver shall permit any other person to occupy or ride in such taxicab unless the person or persons first employing the taxicab shall consent to the acceptance of an additional passenger or passengers. No charge shall be made for an additional passenger except when the additional passenger rides beyond the previous passenger's destination, and then only for the additional distance so traveled.

No driver shall permit more persons to be carried in a taxicab as passengers than the rated seating capacity of his taxicab, as stated in the permit for such vehicle. A child in arms shall not be counted as a passenger.

No driver shall refuse or neglect to convey any orderly person or persons, upon request, unless previously engaged or unable or forbidden by the provisions of this chapter to do so.

It shall be a violation of this chapter for any driver of a taxicab to solicit business for any hotel, or to attempt to divert patronage from one hotel to another. Neither shall such driver engage in selling intoxicating liquors or soliciting business for any immoral purpose, or use his vehicle for any purpose other than the transporting of passengers.

365.37 RECEIPTS.

The driver of any taxicab or livery shall, upon demand by the passenger, render to such passenger a receipt for the amount charged, either by a mechanically printed receipt or by a specially prepared receipt on which shall be the name of the owner, license number or motor number, amount of meter reading or charges, and date of transaction.

...
365.41 MANIFESTS.
Every driver of a taxicab and livery shall maintain a daily manifest upon which are recorded all trips made each day, showing the time and place of origin, the destination of each trip and amount of fare, and all such completed manifests shall be returned to the owner by the driver at the conclusion of his tour of duty. The forms for each manifest shall be furnished to the driver by the owner, and shall be of a character approved by the Superintendent of Police.

Every owner of a permit shall retain and preserve all drivers' manifests in a safe place for at least the calendar year next preceding the current calendar year, and such manifests shall be available to the Superintendent of Police.

365.42 SERVICE CONTRACT REPORTS.
It shall be mandatory for all owners to file with the Superintendent of Police, copies of all contracts, agreements, arrangements, memoranda or other writings relating to the furnishing of taxicab or livery service to any hotel, theater, hall, public resort, terminal or other place of public gathering, whether such arrangement is made with the owner or any corporation, firm or association with which the owner may be interested or connected. Failure to file such copies within seven days shall be sufficient cause for the revocation of a permit of any offending owner or the cancellation of any cab stand privileges.

365.44 APPEAL.
If any person is aggrieved by any act or failure to act on the part of the Superintendent of Police either in issuing, failure to issue, suspending or revoking any owner’s permit or driver’s license, such aggrieved party may file with the City Clerk a statement addressed to the Niagara Falls City Council, setting forth the full facts and circumstances in connection with the action or failure of action on the part of the Superintendent of Police. Such appeal must be filed within ten days after commission or omission of the act by which the appellant claims to have been aggrieved.

THE FOLLOWING COMMUNICATION WAS SUBMITTED BY THE CITY CLERK

CLAIM REPORT FOR THE MONTH OF JANUARY 2017

Agenda Item #1
THIS ITEM WAS RECEIVED AND FILED

THE FOLLOWING COMMUNICATIONS WERE SUBMITTED BY THE MAYOR

CONTRACT: OLD STONE CHIMNEY SITE INTERPRETATION, CONSULTANT, TROWBRIDGE WOLFE MICHAELS LANDSCAPE ARCHITECTS

Agenda Item #2
The Planning Office will be working with a small steering committee representing, at a minimum, the Historic Preservation Commission and Tourism Advisory Board with the goal of more appropriately interpreting the historic significance of the Old Stone Chimney/Dean Adams hydraulic canal and the surrounding “River View Park” Site through signage and landscape design (Old Stone Chimney History on file in the City Clerk’s Office).

The Niagara River View Park Site is an essential component of the City’s Waterfront Revitalization Program, fully described in the original study completed in 1988 by Saratoga Associates and approved as part of the City’s 2009 Comprehensive Plan.
The City had recently been awarded a Niagara River Greenway Commission grant to work with NYPA, the owner of the Old Stone Chimney and New York State Park Office of Parks Recreation and Historic Preservation to develop a historically appropriate interpretation for the Old Stone Chimney and site. The Niagara River Greenway Commission grant award is in the amount of $200,000.00.

Other the staff “in-kind” services, no City funds will be used for this project. As such, there is no cash contribution or other cash disbursement required in accepting this award or in completing the Project. Total project expenditures will not exceed $200,000.00.

Therefore, to effect the intended purpose of the grant, the Development of Planning Environmental & Economic Development solicited proposals for professional services, and is now recommending that the proposal from Trowbridge Wolfe Michaels Landscape Architects LLP be accepted in the, not to exceed, amount of $20,835.00.

Will the Council vote to accept the Niagara River Greenway Commission grant, approve the contract award Trowbridge Wolfe Michaels Landscape Architects LLP and authorize the Mayor to execute any documents necessary, in form and in content satisfactory to the Corporation Counsel, to effectuate the same?

Council Member Grandinetti moved that the communication be received and filed and the recommendation approved.

In updating the Sign Code, the City will establish a new comprehensive system of sign controls governing the display, design, construction, installation, and maintenance of signs. The new Sign Code will incorporated into the Niagara Falls Zoning Ordinance resulting, in a document that is better organized, easily referenced, and more comprehensible by both staff and the general public, while also being reflective of the community’s vision.

CONTRACT: TENTH STREET/CEDAR AVENUE RECONSTRUCTION PROJECT, ADDITIONAL ENGINEERING, CONSTRUCTION ADMINISTRATION & INSPECTION SERVICES, FOIT ALBERT ASSOCIATES

Agenda Item #6
A contract for the above referenced project was awarded to Foit Albert Associates, P.C., on May 29, 2007 in an amount of $555,000.00. Change Orders request to date bring the total contract amount to $1,685,197.35.

The prime contractor for the Tenth Street/Cedar Avenue project abandoned the job in 2011 before completion and never returned. Since then, the City has settled litigation and can move forward with the remaining funding to correct defective and uncompleted work.

This Change Order covers Professional Engineering Services for design, contract documents, engineering services associated with administering the contract to completion and full time inspection in accordance with the NYSDOT standards specifications and the LAFAP manual.
This project was funded with Federal Highway money as a NYSDOT pass-through project. The NYSDOT is requesting that the project be “closed-out” in order protect the City from having to refund monies we have been reimbursed for earlier work.

The City’s Engineering staff has been in contact with Foit-Albert Associates and have negotiated for the services to complete said project in the amount of $139,000.00

As a Federal pass-through project it is still eligible for reimbursement at the standard 80% -20% split and a portion of funding is also reimbursable under N.Y. State Marchiselli funding.

It is the recommendation of the undersigned that Change Order #5 be approved in the amount of $139,000.00 with funding for this change order still available in the original project funding Code H0921.9901.0000.0900.H0632.

CONVENTION CENTER/ARENA, FEASIBILITY STUDY

Agenda Item #9

My understanding from a communication from Samuel M. Ferraro, Commissioner of Niagara County Department of Economic Development dated January 13, 2017, a copy of which is attached hereto (on file in the City Clerk’s Office), is that Niagara County has allocated $50,000.00 towards the cost of a feasibility study to determine the necessity for a new convention center/arena in Niagara Falls. My further understanding is that Senator Ortt’s office will also be contributing up to $50,000.00 for this feasibility study. Based upon and contingent upon the $50,000.00 allocation from Niagara County and the up to $50,000.00 allocation from the office of Senator Ortt, it is requested that the City of Niagara Falls also contribute up to $50,000.00 towards the cost of such a feasibility study.

The City’s contribution, as described above, is contingent upon the funding described from the County as well as the office of Senator Ortt, and is also contingent upon the approval by the City’s Law Department as well as the City’s Office of Planning and Economic Development as to the content and terms and conditions contained in a Request for Proposals for such a feasibility study developed by the Niagara County Department of Economic Development.

WHEREAS, since April 2013, the City has conducted several local and nationwide searches for candidates for the City Engineer position. All of these searches have proven to be unsuccessful as a number of qualified candidates have been either unable or unwilling to comply with the City’s Local Law #7 for the Year 1984, as amended, which requires all newly hired City employees to become residents of the City within six months of their date of hire; and
WHEREAS, one of these candidates, John A. Gerlach, is at the top of the City’s list for potential City Engineers; however, Mr. Gerlach is a resident of Youngstown, New York and is unable to relocate due to personal/family circumstances; and
WHEREAS, a copy of John A. Gerlach’s resume (on file in the City Clerk’s Office) is attached hereto; and
WHEREAS, Section 6 of Local Law #7 for the Year 1984, as amended, provides that this Council may, by resolution, waive the requirement of residency for newly hired employees if it determines that enforcing the Local Law is not in the best interest of the City; and
WHEREAS, it is obvious that there is a lack of qualified applicants for the City Engineer position residing within the City or unwilling to accept the City Engineer position if required to comply with the City’s residency requirement and, further, that enforcing the residency requirement for a new City Engineer is not in the best interest of the City since the most qualified candidate for the position is not a City resident and is unable to relocate into the City.

CITY PROPERTY: MCKOON AVE., 2878, SALE, HABITAT FOR HUMANITY

Agenda Item #4
Habitat for Humanity of Niagara County (Habitat) requests purchase approval of 2878 McKoon Avenue for $500. As with recent purchases/renovations, Habitat agrees to:

- Renovate the home for an owner that must agree to own and live in the home as prime occupant for no less than five years and pay all applicable property taxes.
- Renovate the home to meet code compliance within one year of purchase.

Sale of 2878 McKoon Avenue was recommended by the Niagara Falls Planning Board on May 11, 2016, as part of the 2016 Home Ownership Auction. As noted in a September 2016 City Council Agenda Item, the successful bidder for 2878 McKoon Avenue elected to forfeit his rights to the property, prior to closing. There were no other interested bidders to contact, per Home Ownership Auction guidelines. As the house does have structural issues, it is the opinion of Niagara Falls Community Development that this disposition makes more sense than waiting for a future home ownership auction.

As Habitat is currently successfully renovating other formerly city owned properties, the sale of 2878 McKoon Avenue is a sensible fit. Habitat is also in need for additional renovation candidates, as flood plain restrictions in the Echota neighborhood are preventing previously planned renovations.

Agenda Item #7

It is requested that the City contribute the sum of $100,000.00 to support the continued operation of the Discover Niagara Shuttle. This is a way to connect the broader Niagara region to the county’s tourist center in Niagara Falls.

During the first year of the operation of the Discover Niagara Shuttle, contributors included the USA Niagara Development Corp., the State Office of Parks, Recreation and Historic Preservation, the New York Power Authority, the NFNHA and the Niagara Tourism & Convention Corp. Funding is available from tourism fund balance.

COMMUNITY DEVELOPMENT: CONSOLIDATED ACTION PLAN, BLOCK GRANT

Agenda Item #3
The Niagara Falls Community Development Department requests Niagara Falls City Council approval of the draft Fiscal Year 2017 Community Development Consolidated Action Plan. It is year three of our 2015-19 Five Year Strategic Plan. Based on our projections, it consists of $2.8 million in federal investment, $2.1 million in non-municipal matching funds for a $4.9 million total leveraged plan. The draft FFY 2017 Community Development Action Plan consists of the following United States Housing and Urban Development (HUD) Programs: Community Development Block Grant (CDBG) Program, HOME Rehabilitation Program, and Emergency Solutions Program (ESG).

Draft 2017 CDBG Amount: $2,304,029
Draft 2017 HOME Amount: $356,799
Draft 2017 ESG Amount: $201,874

These budgets are being presented to the City Council in draft form, based on estimate, to accommodate the city and federal governments’ differing fiscal year budget schedules. HUD’s final FFY allocations are generally posted in the spring of each calendar year. A final schedule for 2017 has not yet been set by the federal government. The Niagara Falls Community Development Department will request City Council approval of the final HUD allocations at that point. Historically, our draft budget estimates have been within 2 percent of our final allocations. Per HUD and City of Niagara Falls Citizen Participation Plan Guidelines, the city will adjust programmatic budgets to meet the final allocation without deviating from the project scopes or objectives already approved by the City Council.
The draft 2017 Community Development Consolidated Action Plan was built through a 16 week civic engagement process, which included discussion at 11 public meetings, public review of the draft budget since January 2017, online and print citizen surveys, an email address dedicated to dialogue and a 30 day public comment period. Our department also presented an overview of the draft plan to the City Council at its March 6, 2017 meeting. The Niagara Falls Community Development Department is confident that our process is a national model of transparent and well explained public engagement and budgeting.

COMMUNITY DEVELOPMENT: CENTER CITY & NEIGHBORHOOD HOUSING SERVICES, CDBG BUDGET CHANGES

Agenda Item #4

Over the past few years, there have been discrepancies between the program delivery funding for Center City Neighborhood Development Corporation and Niagara Falls Neighborhood Housing Services, Inc. shown in the Community Development action plans, the expectations of each of the two neighborhood organizations and the amounts actually paid from grant funds for program delivery. One reason for the discrepancy was a complex and outdated program delivery funding formula which failed to take into account shifts in spending priorities from the Community Development Block Grant program to the HOME Investment Partnerships program for housing rehabilitation projects in recent years.
Program delivery funds are used to pay salaries of employees for services in connection with the housing rehabilitation programs. Each neighborhood corporation receives Community Development grant funds specifically for these purposes and additional grant funds to pay for the actual rehabilitation costs. It is proposed that the 2014, 2015 and 2016 Community Development budgets and grant agreements be changed to reflect $100,000.00 for program delivery for each of Center City and NHS in each year. This change will simplify the payment method and will be more in line with the CCNDC and NHS budget needs. The change will also conform the grant agreements to grant disbursement practice in prior years.

This change does not increase or decrease grant funding for Center City or NHS. This change does not constitute a change in allocation priorities, a decision to carry out an activity not previously described in the action plan, a change that amounts to more than 10% of the aggregate budget or a substantial change in the purpose, scope, location or beneficiaries of an activity. There is no need for a public hearing before approving the changes.

Will the Council vote to approve the proposal presented herein and to authorize the Mayor to execute any documents necessary to effectuate the same?

Council Member Grandinetti moved that the communication be received and filed and the recommendation approved.

CONTRACT: SPCA, SHELTERING SERVICES, FUNDING

Agenda Item #8
The City’s agreement with the SPCA has expired. It is necessary for the City to enter into a new agreement with the SPCA in order for it to continue to provide sheltering services for calendar year 2017. The expired agreement called for the City to pay to the SPCA the sum of $223,127.00 billed on a monthly basis. The agreement the SPCA now proposes for 2017 will require the City to pay to the SPCA the sum of $311,269.77 annually to be billed at a monthly rate of $25,939.15. This would allow the City to be allocated 1,292 kennel days per month; any kennel days in excess of this amount will be billed at the rate of $23.00 per kennel day per dog over the 1292 allocation.

03/20/2017
Attached hereto (on file in the City Clerk’s Office) is a summary provided by the SPCA which focuses on the detail involved in arriving at this requested increased contract price. The City presently has budgeted for this service the sum of $223,127.00 leaving a shortfall of $88,142.77. This additional dollar amount shortfall is available from casino revenues.
