If a vehicle is taken out of service on account of the police inspection of damage, the taxicab or livery owner shall be notified in writing.

(g) A violation of any of the above vehicle standard requirements will be punishable by a fine of not more than Two Hundred Fifty Dollars ($250.00) for each offense. Each day a violation continues shall constitute a separate offense.

365.15 EMERGENCY TAXICAB AND LIVERY REGISTRATION PERMITS.

In the event any person to whom an owner's medallion or taxicab registration permit or livery registration permit is issued has such medallion or permit suspended on three separate occasions, such medallion or permit shall be revoked. Whenever any medallion shall be revoked, the same shall be surrendered to the Superintendent of Police. If the medallion is suspended, the same shall be surrendered to the Superintendent of Police and retained by him until the suspension period expires. In the case of suspension or revocation of the taxicab registration permit or livery registration permit, the identifying decal shall be immediately removed.

365.18 TAXICAB DRIVER'S LICENSE AND LIVERY DRIVER'S LICENSE.

Except as provided in Section 365.03 of this Chapter, no person shall operate a taxicab for hire or livery upon the streets of the City and no person who owns or controls a taxicab or livery shall permit it to be so driven, and no taxicab or livery licensed by the City shall be driven at any time for hire unless the driver of such taxicab or livery shall have first obtained and shall have then in force a taxicab driver's license or livery driver's license issued under the provisions of this chapter. This prohibition shall not apply to a taxicab or livery driver who is returning a fare to a destination outside the corporate limits of the City which fare originated outside the corporate limits of the City, provided the return fare is made within 24 hours of the drop off of the originating fare.

365.20 APPLICATION FOR TAXICAB DRIVER'S LICENSE AND LIVERY DRIVER’S LICENSE.

An application for a taxicab driver's license or livery driver’s license shall be filed with the Superintendent of Police on forms provided by the City, and such application shall be verified under oath and shall contain the following information:

• • •

Any false statements made by the applicant on the application for a taxicab driver's license or livery driver’s license shall be sufficient cause for the refusal of the issuance of a taxicab driver's license or livery driver’s license to such applicant, or shall be sufficient cause for the revocation or suspension of a taxicab driver's license or livery driver’s license after the issuance of same.

Upon request, a person who has been issued a taxicab driver’s license by the City may request from the Superintendent of Police, on forms provided by the City, a livery driver’s license. Upon request, a person who has been issued a livery driver’s license by the City may request from the Superintendent of Police, on forms provided by the City, a taxicab driver’s license. Provided the livery driver’s license is valid and has not been revoked or suspended, a taxicab driver’s license shall be issued for no additional fee.

365.21 EXAMINATION OF APPLICANT.
Before licensing, all taxicab drivers and livery drivers must undergo a local orientation program of up to two hours coordinated by the Niagara Tourism & Convention Corporation (NTCC). Prior to the issuance or renewal of a license, each driver must successfully complete a test of the information covered during the program. The applicant is responsible to pay any fee incurred by the NTCC for administering the test. Such program shall include, but is not limited to, the geography of the City, traffic laws and regulations and public relations and appearance.

365.22 POLICE INVESTIGATION OF APPLICANT.
The Police Department of the City shall conduct an investigation of each applicant for a taxicab driver's license and livery driver’s license, and a report of such investigation and a copy of the traffic and police record of the applicant, if any, shall be attached to the application for the consideration of the Superintendent of Police.

365.23 CONSIDERATION OF APPLICATION.
The Superintendent of Police shall, upon consideration of the application and the reports and certificate required to be attached thereto, in his discretion, approve or reject the application. If the application is rejected, the applicant may request a personal appearance before the Superintendent of Police to offer evidence why his application should be reconsidered.

365.24 ISSUANCE OF LICENSE; DURATION AND ANNUAL FEE.
Upon approval of an application for a taxicab driver's license or livery driver’s license, the Superintendent of Police shall issue a license to the applicant which shall bear the name, address, age, signature and photograph of the applicant, issuance number, date of expiration and the name of the owner for which such driver is authorized to operate a vehicle. Such license shall be valid only so long as the driver continues in the employ of such owner. Upon the termination of any driver's employment, the owner by whom such driver has been employed shall immediately give the Superintendent of Police written notice of such termination, the reasons therefor, and shall forthwith surrender the driver's license to the Superintendent of Police for cancellation.

Such license shall be in effect for the remainder of the calendar year. A license for every calendar year thereafter shall be issued upon the payment of Fifty Dollars ($50.00), unless the license for the preceding year has been revoked.

365.25 LICENSE PERIOD.
A taxicab driver's license or livery driver’s license shall be issued as of January 1st in each year and shall be valid to and including December 31st of that same year unless sooner suspended or revoked. Any driver to whom a license is issued during the license year shall pay the full amount of the annual license fee.

• • •
365.27 DRESS, BEHAVIOR AND GROOMING OF TAXICAB DRIVERS AND LIVERY DRIVERS AND USE OF RADIO FREQUENCY.

(a) Each driver shall make a presentable appearance while operating taxicabs and livers in the City of Niagara Falls, and shall be clean, well-groomed, neatly dressed, and conduct himself or herself in a professional, courteous manner. Every driver shall be required to wear a shirt with a collar.

(b) Each driver shall be permitted to use only the radio frequency that is used by the company the driver is affiliated with. The monitoring of another cab or livery company’s frequency is strictly prohibited and will lead to sanctions against the driver and/or company the driver is affiliated with.

365.28 SUSPENSION AND REVOCATION OF DRIVER’S LICENSE.

A taxicab driver’s license or livery driver’s license may be suspended for the following reasons:

• • •

No driver or operator whose license has been revoked shall be eligible to be licensed as a taxicab driver or livery driver in the City for a period of three (3) years, unless otherwise prohibited by Section 365.19 of this Chapter.

365.29 NOTICE TO DRIVER.

A taxicab driver’s license or livery driver’s license shall be deemed to be suspended or revoked as of the third day after the Superintendent of Police shall cause to be deposited in the United States Post Office within the City, a registered letter giving notice of such revocation or suspension, and directed to the person named and to the address given on the application pursuant to which such license was issued. In the event a person has both a taxicab driver’s license and a livery driver’s license, a suspension or revocation of one license has the effect of suspending or revoking the other license.

365.30 FAILURE TO COMPLY WITH CITY, STATE AND FEDERAL LAWS.

Every driver licensed under this chapter shall comply with all City, State and Federal laws. Failure to do so will justify the suspension or revocation of a license.

365.31 DESIGNATION OF TAXICAB.

The taxicabs of every owner operating a taxicab within a City shall be of a color scheme and bear the owner's trade name, monogram or insignia which are clearly and easily distinguishable from the color scheme, owner's trade name, monogram or insignia used on the taxicabs of any other owner's already operating under this chapter. No change whatever in the color scheme or distinguishing characteristics of any taxicab shall be made without written permission from the Superintendent of Police, and it shall be unlawful for any person soliciting patronage from any vehicle described in this chapter to represent by word, sign or insignia that the vehicle for which he is soliciting such patronage is a vehicle owned or operated by other than the actual owners.

Every taxicab operated within the City shall bear the following identification: the owner's trade name, monogram or insignia, together with a cab number and the owner's telephone number or numbers painted upon the metal portion of the outside of each side of the taxicab and the cab number and owner's telephone number or numbers painted upon the outside rear panel of the taxicab. All lettering mentioned in this paragraph shall be not less than two and one-quarter inches in height and not less than five-sixteenths inch stroke. In addition to the identification hereby required, taxicabs may bear the following signs or advertisements:

(a) A metal sign bearing the words "For Hire", and being no larger than six inches by nine inches;

(b) A sign attached to the top of the cab bearing the word "Vacant" and being no larger than two and one-half inches by nine inches, and
Advertisements not exceeding twelve square feet in total area, subject to the rules and regulations of the Superintendent of Police.

If, after a permit has been issued for a taxicab hereunder, any portion of this section is violated in such a manner as to be misleading or deceiving to the public, the Superintendent of Police in his discretion, may suspend or revoke the permit of the owner covering such taxicab or taxicabs.

This section shall not apply to liveries operating in the City.

365.32 TAXIMETER REQUIRED.

All taxicabs operated under the authority of this chapter shall be equipped with taximeters fastened in front of the passengers, visible to them at all times day and night; and, after sundown, the face of the taximeter shall be illuminated. Such taximeter shall be operated mechanically by a mechanism of standard design and construction, driven either from the transmission or from one of the front wheels by a flexible and permanently attached driving mechanism. No taximeter shall be operated from any wheel to which power is applied. They shall be sealed at all points and connections which, if manipulated, would affect their correct reading and recording. Each taximeter shall have thereon a flag to denote when the vehicle is employed and when it is not employed, and it shall be the duty of the driver to throw the flag of such taximeter into a non-recording position at the termination of each trip. The taximeters shall be subject to inspection from time to time by the Police Department. Any inspector or other officer of the Police Department is hereby authorized either on complaint of any person or without such complaint, to inspect any meter and, upon discovery of any inaccuracy therein, to notify the person operating such taxicab to cease operation. Thereupon, such taxicab shall be kept off the streets, until the taximeter is repaired and in the required working condition.

This section shall not apply to liveries operating in the City. Notwithstanding the foregoing, the owner of a livery operating under the authority of this chapter may, at the option of the owner, equip the livery so owned with a taximeter. In addition, the owner, prior to installation of the taximeter in the livery vehicle, agrees to immediately give written notice to the Superintendent of Police of the installation of the taximeter.

365.35 OPEN STANDS ESTABLISHED; USE AND PARKING.

The Traffic Engineer is hereby authorized and empowered to establish open taxi stands for the exclusive use of taxicabs in such places upon the streets of the City as he deems necessary. In creating an open stand, the Traffic Engineer shall take into consideration the need for such stands by the taxicab owners and the convenience to the general public. He shall prescribe the number of taxicabs that shall occupy such open stands. The Traffic Engineer shall not create an open stand in front of any place of business where the abutting property owners object to the same or where such open stand would tend to create a traffic hazard. Such open stands shall be designated by appropriate signs or curb markings as the Traffic Engineer shall determine.

Open stands shall be used by the different drivers on a first come, first serve basis. The driver shall pull into the open stand from the rear and shall advance forward as the vehicles ahead pull off. A driver shall be in attendance at every taxicab parked in an open taxi stand. Nothing in this chapter shall be construed as preventing a passenger from boarding the vehicle of his choice that is parked at an open stand.

No owner or driver of a taxicab shall stand or park such vehicle at any place on a public street other than an open stand, except for the purpose of discharging or receiving passengers.

Liveries may not utilize open taxi stands for parking or for any other purpose.
365.36 SOLICITATION, ACCEPTANCE AND DISCHARGE OF PASSENGERS.

No driver shall solicit passengers for a taxicab except when sitting in the driver's compartment of such taxicab or while standing immediately adjacent to the curb side thereof. No driver of a livery may solicit passengers for a livery. The driver of any taxicab shall remain in the driver's compartment or immediately adjacent to his vehicle at all times when such vehicle is upon the public street, except that, when necessary, a driver may be absent from his taxicab for not more than ten consecutive minutes, and provided further that nothing herein contained shall be held to prohibit any driver from alighting to the street or sidewalk for the purpose of assisting passengers into or out of such vehicle.

No driver shall solicit patronage in a loud or annoying tone of voice or by sign or in any manner annoy any person or obstruct the movement of any persons, or follow any person for the purpose of soliciting patronage.

No driver shall cruise in search of passengers, except in such areas and at such time as shall be designated by the Traffic Engineer. Such areas and times shall only be designated when the Traffic Engineer finds that taxicab cruising would not congest traffic or be dangerous to pedestrians and other vehicles.

No driver, owner or operator shall solicit passengers at the terminal of any other common carrier, not at any intermediate points along any established route of any other common carrier.

No driver shall permit any other person to occupy or ride in such taxicab unless the person or persons first employing the taxicab shall consent to the acceptance of an additional passenger or passengers. No charge shall be made for an additional passenger except when the additional passenger rides beyond the previous passenger's destination, and then only for the additional distance so traveled.

No driver shall permit more persons to be carried in a taxicab as passengers than the rated seating capacity of his taxicab, as stated in the permit for such vehicle. A child in arms shall not be counted as a passenger.

No driver shall refuse or neglect to convey any orderly person or persons, upon request, unless previously engaged or unable or forbidden by the provisions of this chapter to do so.

It shall be a violation of this chapter for any driver of a taxicab to solicit business for any hotel, or to attempt to divert patronage from one hotel to another. Neither shall such driver engage in selling intoxicating liquors or soliciting business for any immoral purpose, or use his vehicle for any purpose other than the transporting of passengers.

365.37 RECEIPTS.

The driver of any taxicab or livery shall, upon demand by the passenger, render to such passenger a receipt for the amount charged, either by a mechanically printed receipt or by a specially prepared receipt on which shall be the name of the owner, license number or motor number, amount of meter reading or charges, and date of transaction.

The forms for each manifest shall be furnished to the driver by the owner, and shall be of a character approved by the Superintendent of Police.

Every owner of a permit shall retain and preserve all drivers' manifests in a safe place for at least the calendar year next preceding the current calendar year, and such manifests shall be available to the Superintendent of Police.

365.42 SERVICE CONTRACT REPORTS.
It shall be mandatory for all owners to file with the Superintendent of Police, copies of all contracts, agreements, arrangements, memoranda or other writings relating to the furnishing of taxicab or livery service to any hotel, theater, hall, public resort, terminal or other place of public gathering, whether such arrangement is made with the owner or any corporation, firm or association with which the owner may be interested or connected. Failure to file such copies within seven days shall be sufficient cause for the revocation of a permit of any offending owner or the cancellation of any cab stand privileges.

365.44 APPEAL.
If any person is aggrieved by any act or failure to act on the part of the Superintendent of Police either in issuing, failure to issue, suspending or revoking any owner’s permit or driver’s license, such aggrieved party may file with the City Clerk a statement addressed to the Niagara Falls City Council, setting forth the full facts and circumstances in connection with the action or failure of action on the part of the Superintendent of Police. Agenda Item #1
THIS ITEM WAS RECEIVED AND FILED

THE FOLLOWING COMMUNICATIONS WERE SUBMITTED BY THE MAYOR

CONTRACT:  OLD STONE CHIMNEY SITE INTERPRETATION, CONSULTANT, TROWBRIDGE WOLFE MICHAELS LANDSCAPE ARCHITECTS

Agenda Item #2
The Planning Office will be working with a small steering committee representing, at a minimum, the Historic Preservation Commission and Tourism Advisory Board with the goal of more appropriately interpreting the historic significance of the Old Stone Chimney/Dean Adams hydraulic canal and the surrounding “River View Park” Site through signage and landscape design (Old Stone Chimney History on file in the City Clerk’s Office).

The Niagara River View Park Site is an essential component of the City’s Waterfront Revitalization Program, fully described in the original study completed in 1988 by Saratoga Associates and approved as part of the City’s 2009 Comprehensive Plan.

02/06/2017
The City had recently been awarded a Niagara River Greenway Commission grant to work with NYPA, the owner of the Old Stone Chimney and New York State Park Office of Parks Recreation and Historic Preservation to develop a historically appropriate interpretation for the Old Stone Chimney and site. The Niagara River Greenway Commission grant award is in the amount of $200,000.00.

Other the staff “in-kind” services, no City funds will be used for this project. As such, there is no cash contribution or other cash disbursement required in accepting this award or in completing the Project. Total project expenditures will not exceed $200,000.00.

Therefore, to effect the intended purpose of the grant, the Development of Planning Environmental & Economic Development solicited proposals for professional services, and is now recommending that the proposal from Trowbridge Wolfe Michaels Landscape Architects LLP be accepted in the, not to exceed, amount of $20,835.00.

Will the Council vote to accept the Niagara River Greenway Commission grant, approve the contract award Trowbridge Wolfe Michaels Landscape Architects LLP and authorize the Mayor to execute any documents necessary, in form and in content satisfactory to the Corporation Counsel, to effectuate the same?

Agenda Item #5
A contract for the above referenced project was awarded to Mark Cerrone Inc., 2368 Maryland Avenue, Niagara Falls, NY, on September 6, 2016 in an amount of $153,635.00.

The project for buildings #2 and #3 required additional abatement work for unanticipated and necessary asbestos remediation work. In addition, un-safe areas of contamination and necessary demolition were required to be performed by our qualified contractor. CONTRACT: TENTH STREET/CEDAR AVENUE RECONSTRUCTION PROJECT, ADDITIONAL ENGINEERING, CONSTRUCTION ADMINISTRATION & INSPECTION SERVICES, FOIT ALBERT ASSOCIATES

Agenda Item #6
A contract for the above referenced project was awarded to Foit Albert Associates, P.C., on May 29, 2007 in an amount of $555,000.00. Change Orders request to date bring the total contract amount to $1,685,197.35

The prime contractor for the Tenth Street/Cedar Avenue project abandoned the job in 2011 before completion and never returned. Since then, the City has settled litigation and can move forward with the remaining funding to correct defective and uncompleted work.

This Change Order covers Professional Engineering Services for design, contract documents, engineering services associated with administering the contract to completion and full time inspection in accordance with the NYSDOT standards specifications and the LAFAP manual.
This project was funded with Federal Highway money as a NYSDOT pass-through project. The NYSDOT is requesting that the project be “closed-out” in order protect the City from having to refund monies we have been reimbursed for earlier work.

The City’s Engineering staff has been in contact with Foit-Albert Associates and have negotiated for the services to complete said project in the amount of $139,000.00

As a Federal pass-through project it is still eligible for reimbursement at the standard 80% -20% split and a portion of funding is also reimbursable under N.Y. State Marchiselli funding.

It is the recommendation of the undersigned that Change Order #5 be approved in the amount of $139,000.00 with funding for this change order still available in the original project funding Code H0921.9901.0000.0900.H0632.

Agenda Item #9

My understanding from a communication from Samuel M. Ferraro, Commissioner of Niagara County Department of Economic Development dated January 13, 2017, a copy of which is attached hereto (on file in the City Clerk’s Office), is that Niagara County has allocated $50,000.00 towards the cost of a feasibility study to determine the necessity for a new convention center/arena in Niagara Falls. My further understanding is that Senator Ortt’s office will also be contributing up to $50,000.00 for this feasibility study. Based upon and contingent upon the $50,000.00 allocation from Niagara County and the up to $50,000.00 allocation from the office of Senator Ortt, it is requested that the City of Niagara Falls also contribute up to $50,000.00 towards the cost of such a feasibility study.

RESOLUTION: RESIDENCY REQUIREMENT, WAIVER, 2017-14
BY: COUNCILMEMBERS GRANDINETTI, SCOTT, TOMPKINS, TOUMA

Agenda Item #14
WHEREAS, the City of Niagara Falls has been without a City Engineer since April 2013, and the absence of the engineer has caused significant hardship for the City both financially and operationally; and

WHEREAS, since April 2013, the City has conducted several local and nationwide searches for candidates for the City Engineer position. All of these searches have proven to be unsuccessful as a number of qualified candidates have been either unable or unwilling to comply with the City’s Local Law #7 for the Year 1984, as amended, which requires all newly hired City employees to become residents of the City within six months of their date of hire; and

WHEREAS, one of these candidates, John A. Gerlach, is at the top of the City’s list for potential City Engineers; however, Mr. Gerlach is a resident of Youngstown, New York and is unable to relocate due to personal/family circumstances; and

WHEREAS, a copy of John A. Gerlach’s resume (on file in the City Clerk’s Office) is attached hereto; and

WHEREAS, Section 6 of Local Law #7 for the Year 1984, as amended, provides that this Council may, by resolution, waive the requirement of residency for newly hired employees if it determines that enforcing the Local Law is not in the best interest of the City; and

WHEREAS, it is obvious that there is a lack of qualified applicants for the City Engineer position residing within the City or unwilling to accept the City Engineer position if required to comply with the City’s residency requirement and, further, that enforcing the residency requirement for a new City Engineer is not in the best interest of the City since the most qualified candidate for the position is not a City resident and is unable to relocate into the City.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Niagara Falls, New York, duly convened, does hereby grant a waiver pursuant to Section 6 of Local Law #7 for the Year 1984, as amended, to John A. Gerlach, exempting him from the residency requirements contained in said Local Law for the specific purpose of the hiring of John A. Gerlach as City Engineer, and it is further

RESOLVED, that this waiver shall continue for the duration of Mr. Gerlach’s employment with the City, and it is further

RESOLVED, that the Mayor and the City Administrator of the City of Niagara Falls, New York are hereby authorized to effectuate said waiver in relation to the hiring of John A. Gerlach for the City Engineer position.

A contract for the above referenced project was awarded to Scott Lawn Yard on July 11, 2016 in the amount of $133,265.00.

CITY PROPERTY: MCKOON AVE., 2878, SALE, HABITAT FOR HUMANITY

Agenda Item #4
Habitat for Humanity of Niagara County (Habitat) requests purchase approval of 2878 McKoon Avenue for $500. As with recent purchases/renovations, Habitat agrees to:

- Renovate the home for an owner that must agree to own and live in the home as prime occupant for no less than five years and pay all applicable property taxes.
- Renovate the home to meet code compliance within one year of purchase.

Sale of 2878 McKoon Avenue was recommended by the Niagara Falls Planning Board on May 11, 2016, as part of the 2016 Home Ownership Auction. As noted in a September 2016 City Council Agenda Item, the successful bidder for 2878 McKoon Avenue elected to forfeit his rights to the property, prior to closing. There were no other interested bidders to contact, per Home Ownership Auction guidelines. As the house does have structural issues, it is the opinion of Niagara Falls Community Development that this disposition makes more sense than waiting for a future home ownership auction.

As Habitat is currently successfully renovating other formerly city owned properties, the sale of 2878 McKoon Avenue is a sensible fit. Habitat is also in need for additional renovation candidates, as flood plain restrictions in the Echota neighborhood are preventing previously planned renovations.

Council Member Grandinetti moved that the communication be received and filed and the recommendation approved.

COMMUNITY DEVELOPMENT: CONSOLIDATED ACTION PLAN, BLOCK GRANT

Agenda Item #3
The Niagara Falls Community Development Department requests Niagara Falls City Council approval of the draft Fiscal Year 2017 Community Development Consolidated Action Plan. It is year three of our 2015-19 Five Year Strategic Plan. Based on our projections, it consists of $2.8 million in federal investment, $2.1 million in non-municipal matching funds for a $4.9 million total leveraged plan. The draft FFY 2017 Community Development Action Plan consists of the following United States Housing and Urban Development (HUD) Programs: Community Development Block Grant (CDBG) Program, HOME Rehabilitation Program, and Emergency Solutions Program (ESG).

Draft 2017 CDBG Amount: $2,304,029
Draft 2017 HOME Amount: $356,799
Draft 2017 ESG Amount: $201,874

These budgets are being presented to the City Council in draft form, based on estimate, to accommodate the city and federal governments’ differing fiscal year budget schedules. HUD’s final FFY allocations are generally posted in the spring of each calendar year. A final schedule for 2017 has not yet been set by the federal government. The Niagara Falls Community Development Department will request City Council approval of the final HUD allocations at that point. Historically, our draft budget estimates have been within 2 percent of our final allocations. Per HUD and City of Niagara Falls Citizen Participation Plan Guidelines, the city will adjust programmatic budgets to meet the final allocation without deviating from the project scopes or objectives already approved by the City Council.
The draft 2017 Community Development Consolidated Action Plan was built through a 16 week civic engagement process, which included discussion at 11 public meetings, public review of the draft budget since January 2017, online and print citizen surveys, an email address dedicated to dialogue and a 30 day public comment period. Our department also presented an overview of the draft plan to the City Council at its March 6, 2017 meeting. The Niagara Falls Community Development Department is confident that our process is a national model of transparent and well explained public engagement and budgeting.

COMMUNITY DEVELOPMENT: CENTER CITY & NEIGHBORHOOD HOUSING SERVICES, CDBG BUDGET CHANGES

Agenda Item #4

Over the past few years, there have been discrepancies between the program delivery funding for Center City Neighborhood Development Corporation and Niagara Falls Neighborhood Housing Services, Inc. shown in the Community Development action plans, the expectations of each of the two neighborhood organizations and the amounts actually paid from grant funds for program delivery. One reason for the discrepancy was a complex and outdated program delivery funding formula which failed to take into account shifts in spending priorities from the Community Development Block Grant program to the HOME Investment Partnerships program for housing rehabilitation projects in recent years.
Program delivery funds are used to pay salaries of employees for services in connection with the housing rehabilitation programs. Each neighborhood corporation receives Community Development grant funds specifically for these purposes and additional grant funds to pay for the actual rehabilitation costs. It is proposed that the 2014, 2015 and 2016 Community Development budgets and grant agreements be changed to reflect $100,000.00 for program delivery for each of Center City and NHS in each year. This change will simplify the payment method and will be more in line with the CCNDC and NHS budget needs. The change will also conform the grant agreements to grant disbursement practice in prior years.

This change does not increase or decrease grant funding for Center City or NHS. This change does not constitute a change in allocation priorities, a decision to carry out an activity not previously described in the action plan, a change that amounts to more than 10% of the aggregate budget or a substantial change in the purpose, scope, location or beneficiaries of an activity. There is no need for a public hearing before approving the changes.

Will the Council vote to approve the proposal presented herein and to authorize the Mayor to execute any documents necessary to effectuate the same?

Council Member Grandinetti moved that the communication be received and filed and the recommendation approved.

Agenda Item #8
The City’s agreement with the SPCA has expired. It is necessary for the City to enter into a new agreement with the SPCA in order for it to continue to provide sheltering services for calendar year 2017. The expired agreement called for the City to pay to the SPCA the sum of $223,127.00 billed on a monthly basis. The agreement the SPCA now proposes for 2017 will require the City to pay to the SPCA the sum of $311,269.77 annually to be billed at a monthly rate of $25,939.15. This would allow the City to be allocated 1,292 kennel days per month; any kennel days in excess of this amount will be billed at the rate of $23.00 per kennel day per dog over the 1292 allocation.

03/20/2017
Attached hereto (on file in the City Clerk’s Office) is a summary provided by the SPCA which focuses on the detail involved in arriving at this requested increased contract price. The City presently has budgeted for this service the sum of $223,127.00 leaving a shortfall of $88,142.77. This additional dollar amount shortfall is available from casino revenues.

Will the Council so approve and authorize the Mayor to enter into a new agreement with the SPCA for 2017 provided the same is in form and content satisfactory to the Corporation Counsel?

NFPD: COMMUNITY LIAISON POSITIONS, FUNDING

Agenda Item #7

The Superintendent of Police advises that NFPD has two Community Liaisons that provide an important service to the NFPD and the City. These liaisons have been paid from grant money. That grant has now been exhausted. It is recommended that these positions not be eliminated.
The Superintendent of Police further advises that there is money remaining from a Business District Initiative funding line that was provided to NFPD in the past. These unused dollars did not fall to fund balance because the source of the funds was casino revenues. It is requested that $23,000.00 be transferred out of this line (S.3120.2787) to S.3120.2785 in order to keep these Community Liaisons employed for the balance of 2017. This will also cover a $6,000.00 deficit that has been incurred. It should be noted that NFPD is in the process of applying for an Edward Byrne Justice Assistance Grant for years 2017/2018 as a source of future funding for these positions.

Will the Council so approve?

The Jerauld Avenue Improvement Project will not require any municipal general fund or casino capital fund revenue. The entire project, including the purchase of equipment and installation, will be funded by United States Department of Housing and Urban Development Community Development Block Grant (CDBG) grant funds.
The proposed playground will replace the existing, outdated facility, and will be located within the park. An adult exercise station pad and bench seating will also be installed. Equipment purchase is included in this request. The Niagara Falls Community Development Department (CD) partnered with the Hyde Park East and West Block Clubs on this project, meeting in both 2016 and 2017 to discuss the project. Final placement of the playground footprint and exercise pad will result from staking out equipment/safety pad dimensions, and receiving feedback from both neighboring residents and the Niagara Falls Police Department. The overall goal of this improvement project is to provide park upgrades for the first time in decades at Jerauld Avenue Park, and to provide amenities that reflect the surrounding neighborhood.

The Niagara Falls City Council approved the Jerauld Avenue Park Improvement Project as part of the 2016 CDBG Action Plan. Beyond the aforementioned purchase of equipment and purchase installation of safety surfacing, final equipment installation will be bid, per municipal procurement law, and funded with CDBG funds.

This project is part of CD and the City of Niagara Falls' continuing effort to increase and improve youth facilities and services in our community. Improvement at Jerauld Avenue Park are consistent with the adopted Niagara Falls Parks Master Plan.

Construction of this project will not require any municipal general fund or casino capital fund revenue. The entire project, including the purchase of equipment and installation, will be funded by United States Department of Housing and Urban Development Community Development Block Grant (CDBG) grant funds.

Over the past two years, Niagara Falls Community Development (CD) and the City of Niagara Falls has been working with the Niagara Falls Dog Park resident group and the New York State Department of Parks, Recreation and Historic Preservation to create a dog park within the City of Niagara Falls. The proposed DeVeaux Woods State Park site provides the City of Niagara Falls with the ability to execute this project in a timely fashion while not having to utilize city park space or build out additional infrastructure in support of a new facility. The City of Niagara Falls will be responsible for the construction of the dog park features, the New York State Department of Parks, Recreation and Historic Preservation will be responsible for long term maintenance and capital repairs, and routine maintenance duties will be established via legal agreement. Such precedent established at DeVeaux Woods State Park with the public ice skating rink.
Utilization of DeVeaux Woods State Park for the proposed dog park will also build off of other ongoing investment. The New York State Department of Parks, Recreation and Historic Preservation is installing a new playground at the park in addition to hosting Whirlpool Little League Baseball. This partnership with New York State will create more opportunities for local Niagara Falls residents to enjoy this greenspace.

The Niagara Falls City Council approved the Niagara Falls Dog Park Project as part of the 2016 CDBG Action Plan. Beyond the aforementioned purchase of equipment and purchase installation of equipment will be bid, per municipal procurement law, and funded with CDBG funds. CITY PROPERTY: FERRY AVENUE, 3625, SALE, RICKARD, CATHERINE

Agenda Item #14

The Niagara Falls Community Development Department hosted Home Ownership Auctions in 2013, 2015 and 2016, with the following guidelines:

- Successful bidders must agree to own and live in the home as prime occupant for no less than five years and pay all applicable property taxes.
- Successful bidders must submit a renovation plan, designating work to be completed by the owner and/or contractors, as well as possess the financial ability to execute the renovation prior to completing the sale agreement with the City of Niagara Falls.
- If the above terms are not met after the purchase of the property, ownership will revert back to the City of Niagara Falls.
- Beginning with the 2015 Home Ownership, successful bidders were required to pay a bidder’s fee and a bidder bond of $500. The bidder bond is to only be returned upon the completion of the renovation.

All Home Ownership Auction properties are required to receive sale recommendation for the Niagara Falls Planning Department and sale approval from the Niagara Falls City Council. As this process deals with long vacant properties, with long standing title/lien issues, and major renovation needs, unforeseen search issues and discrepancies occur. Despite these unforeseen issues, the process has led to successful renovations and sale closings on vacant properties. The Niagara Falls Community Development Department requests Niagara Falls City Council approval of the following revision, for the stated reason, in the pursuit of successful renovation and occupancy.

3625 Ferry Avenue

The successful bidder has decided not to pursue ownership and renovation, thus forfeiting the bidder bond and auction fee. Catherine Richard, a home owner occupying 3621 Ferry Avenue, has made an offer of $4,000 for the property. She plans to renovate the home, to be occupied by a family member. It is CD’s opinion that such a purchase and renovation is within the spirit of the Home Ownership Auction process.
Will the Council vote to approve the sale revision presented herein and to authorize the Mayor to execute any necessary documents?

Council Member Grandinetti moved that the communication be received and filed and the recommendation approved.

No driver, owner or operator shall solicit passengers at the terminal of any other common carrier, not at any intermediate points along any established route of any other common carrier.
No driver shall permit any other person to occupy or ride in such taxicab unless the person or persons first employing the taxicab shall consent to the acceptance of an additional passenger or passengers.    furnished to the driver by the owner, and shall be of a character 
   approved by the Superintendent of Police.

   terminal or other place of public gathering, whether such arrangement is 
   made with the owner or any corporation, firm or association with which 
   the owner may be interested or connected. Failure to file such copies

A presentation was given by Michael DiCenzo, President of American Niagara Hospitality. His video was about the plans for the City and the challenges ahead. Mr. DiCenzo stated he renovated the Sheraton Hotel, developed the Rainforest Café and reinvested in The Days Inn, which was completely gutted and renovated.

He discussed future developments including construction of the Daredevil Waterpark, a couple of hotels, Beach Club and other projects. He said the Canadian and American Hotels represent luxury brands, specializing in Theme Restaurants.

The Sheraton Inn would have a Hotel stacked atop with a Rooftop Bar, Infinity Pool and a Celebrity Restaurant. This will result in a Four Star Luxury Hotel. The cost would be 50 million dollars.

Mr. DiCenzo said the 2nd part of the development would be a Daredevil Indoor Water Park. It would cost 70 million dollars for the Hotel and Water Park.

Council Woman Grandinetti asked if the name brand companies encouraged other companies to invest and also said that Mr. DiCenzo should go through the RFP process.

Council Woman Grandinetti asked if there was a similar project in Niagara Falls Ontario and if that would be in competition with Niagara Falls, New York.

Michael DiCenzo said he has attempted numerous times to go through Empire State Development and that he should be treated fairly and they have not. He wants to continue to reinvest in Niagara Falls, New York.

Council Member Tompkins asked if things can be done to get people here in the off season and NTCC has been helpful bringing people here. He also said that with 800 employees, it is one of the largest employers in Niagara Falls, NY. He asked how we, as a City, can help you more.

Mr. DiCenzo said the City is limited with funds and we need a unified voice. He would like to sit down and talk with officials and work together. We need a local solution. He also said he hasn’t received anything about commitments and he has cancelled contracts for the Water Park due to this.
In the Administrative Update, Mayor Dyster and Acting City Administrator, Anthony Vilardo said there was a travel advisory until Midnight. He gave a list of the streets closed due to flooding. City Administrator, Nicholas Melson, Director of Public Works, John Caso & Police Chief Bryan DalPorto were at the flooded areas.

Mayor Dyster said he has been in contact with the Water Board on the pumping of the streets. He will keep the public updated on the travel advisory.

Council Woman Grandinetti asked if there is anything the City can do to help recede the water, especially on Cayuga Island. Mayor Dyster replied that the Water Board is working on this. He also said the Water Board started this afternoon on pumping the water and he will monitor the situation.

Council Member Tompkins wanted to take a moment to recognize Brook D’Angelo, an employee of the Department of Public Works, who represented the United Steel Workers and the City at a recent conference in Mexico. Brook thanked everyone and brought a gift for the Mayor, Administrator and the Council.

This session ended at 5:40 PM

Chairman Walker reconvened the Meeting at 6:02 P.M. in the Council Chambers with all Council Members present. The Prayer was said by Council Member Tompkins and the Chairman led the gathering in the Pledge of Allegiance to the Flag.

COMMUNITY DEVELOPMENT: GLUCK PARK IMPROVEMENTS, PICNIC TABLES/BENCHES

Agenda Item #6
The Niagara Falls Community Development Department recommends reprograming a total of $53,402.83 of 2012 ($18,402.83) and 2013 ($35,000) United States Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) housing rehabilitation funds to the purchase of upgraded playground and park equipment for Gluck Park and ADA compliment picnic tables and benches for use in city parks. All equipment will be purchased through the New York State Office of General Services Playground Equipment, and Related Products Statewide Contract. Specifically, the purchase will be made via GAMETIME Playground Equipment, a qualified vendor as part of the statewide contract (NYS CONTRACT PC 66669). The equipment will be installed by the City of Niagara Falls Department of Public Works. Improvements at Gluck Park and ADA compliant park seating is consistent with the adopted 2012 Niagara Falls Parks Master Plan.

05/01/2017
Reallocation of these housing rehabilitation funds does not negate or delay any current renovation projects. CD has selected to use funds allocated in federal fiscal years 2012 and 2013 to ensure that CDBG timeliness is met. While reallocation of this dollar amount does not require City Council action, CD is listing the item on an official agenda because improvements at Gluck Park, and ADA compliance in public spaces, have been a topic of community interest in recent weeks.

Will Council vote to approve the reallocate $53,402.83 of HUD CDBG to the aforementioned purchases?

COMMUNITY DEVELOPMENT: ESG FUNDS, REALLOCATION

Agenda Item #7

The Niagara Falls Community Development Department recommends the reprogramming of $10,000 in United States Department of Housing and Urban Development (HUD) Emergency Solutions Grant Program (ESG) funds as follows:

$5,000 – YWCA Carolyn’s House (street outreach)
$5,000 – Community Missions of Niagara Frontier, Inc. (emergency shelter)

The $10,000 allocation was originally made to The Fellowship House as a component of the approved 2015 Niagara Falls Community Development Action Plan for emergency shelter ($5,000) and street outreach ($5,000). Since the approval of the action plan, operation of The Fellowship House has ended. Reallocation of these funds, to two organizations that provide essential services that include emergency shelter and street outreach, is a responsible way to re-purpose these funds within ESG guidelines. It is important to note that funds can only be reallocated to other approved ESG projects within the approved action plan.

Will Council vote to approve the reallocate $10,000 of ESG funds?

Chris Schoepflin introduced the Uniland Presentation regarding the Wonderfalls Project. This is a $200 million dollar investment. Kellena Kane discussed what has been done to date in preparation for this development project. She gave an update stating that survey and title work has been completed as well as market overviews, business planning and feasibility studies. This is the largest investment in Niagara Falls to date. This will ultimately be a Legacy Project. It will be a catalyst for tourism in Niagara Falls.

This resort will be a family friendly attraction. The resort will have 14 floors with 300 rooms. It will also have retail space. The water park will follow the European model. It will include an adult section and provide a truly unique experience. The entire resort will encompass 400,000 square ft. The estimated attendance is 300,000. Uniland is currently interviewing potential operators and seeking lenders and investors.

A video presentation of the Wonderfalls project was presented by Ms. Kane.

A presentation was given by Sam Castiglione and Jeremy Hoeltke, Co-Founders of WNY Disc Golf Club on the benefits of disc golfing at the Hyde Park Golf Course.

Mr. John Percy, CEO of Niagara Tourism and Convention Corporation answered questions from Council Members.

Councilman Tompkins posed questions about marketing the area during winter and what plans the NTCC has for marketing in the off season.

Mr. Percy explained that marketing is done on an 8 month cycle. The NTCC does make an effort to market outdoor adventure activities including fishing and other outdoor activities.

Councilman Touma stated that marketing local businesses is extremely important to our local community. Tourists search for a local, authentic experience.

Chairman Walker stressed the need for a Tourism position in city government that would promote the local businesses and connect the entire city with the downtown business core. Chairman Walker stated that this position is necessary to market the entire city as a tourism destination and not just the downtown core. Councilman Walker stated that the NTCC does a great job on a grand scale but it is important for the city to have an individual in place that can connect our local business with the grand scale marketing done by the NTCC.

Administrative updates:

City Administrator Nick Melson informed the Council of plans to deal with tourism issues including traffic control. The administrator announced that traffic plans would include electronic boards which would redirect traffic to less crowded routes.

The Administrator also addressed changes at the parking ramps. Employees will now adhere to a dress code. They will also receive city ID badges, training through NTCC (Destination Niagara) and have better access to technology. The ramps will now accept credit cards making it much easier for tourists as well as traffic movement.

CITY OF NIAGARA FALLS:  CREDIT CARDS, UTILIZATION

Agenda Item #7

The City presently has credit card agreements in place with American Express, Home Depot and Sam’s Club. The City is in the process of discontinuing the utilization of those credit cards for various reasons. It is therefore recommended by the City Controller that the City have only one credit card arrangement in place for a Visa card issued through M&T Bank. There is no annual fee associated with the utilization of this credit card and no upfront costs either.

05/15/2017
The City customarily pays the balance due each month on its credit card arrangements so as to eliminate the accumulation of interest.

Will the Council so approve and authorize the Mayor and/or City Controller to execute any documents required by M&T Bank in order to effectuate this transaction?

INTERIM TRANSIT HUB: CREATION, MEMORANDUM OF UNDERSTANDING

Agenda Item #8
The City and representatives from State Parks have had several meetings regarding efforts that may be made in order to ease the traffic congestion in the downtown area during the high volume tourist season. Interim plans have been discussed pending the development of a more permanent solution.

For the short term, it is desirable to utilize the east side of Old Main Street as a motor coach bus pick up and drop off area and provide other places in the downtown area for the parking of motor coach buses. Utilizing the east side of Old Main Street for a motor coach bus pick up and drop off area will necessitate the elimination of a Taxi Stand at that location. It is also possible that the west side of Old Main Street be utilized for this purpose as well.

An additional ingredient in this interim plan is to prohibit motor coach buses from entering or using Prospect Street as well as the western ends of Old Falls Street and Mayor O’Laughlin Drive. It is predicted that this will do much to eliminate congestion. New signage will be installed, as appropriate, as well as pavement, striping and other minor pavement repairs including curb cuts, as needed.

State Parks and NF PD will cooperate to control traffic. State Parks and the City will work jointly to secure third party funding to pay for the services of a professional consultant in order to develop a long term plan to solve the vehicle congestion in the downtown area during tourist season in the future.

A Memorandum of Understanding is in development which will address the details of this cooperative effort.

Will the Council so approve and authorize the Mayor to execute a Memorandum of Understanding in form and substance acceptable to the Corporation Counsel?

CONTRACT: CENTENNIAL CIRCLE WATERMAIN RELOCATION, CHANGE ORDER #1, YARUSSI CONSTRUCTION, INC.

Agenda Item #9
A contract for the above referenced project was awarded to Yarussi Construction, Inc., 5650 Simmons Avenue, Niagara Falls, New York on January 31, 2017 in the amount of $184,560.00
Shortly after the start of the project, issues related to field locations of the multiple mains in the immediate vicinity of the intersection and adjacent, pre-existing sewer failures forced the contractor to perform tasks and incur delays that were not included nor anticipated in the initial scope of the project. Additionally, City-requested alterations of the vehicular detour and the installation of a small valve assembly to facilitate future hydrant operations were also performed by the Contractor as a portion of this project. The cost of the additional tasks, lost time and materials in conjunction with actual bid item overruns/underruns totals only $7,320.50 - or 3.97% of the original total - bringing the new contract total to $191,880.50. Funding is available in the Centennial Circle Project code.

Will the Council vote to so approve and authorize the Mayor to execute a change order in a form acceptable to the Corporation Counsel? Council Member Grandinetti moved that the communication be received and filed and the recommendation approved.

RESOLUTION: BUS ZONES, RESCINDING CHAPTER 501.15, 2017-49
BY: ALL COUNCIL MEMBERS

Agenda Item #14

BE IT RESOLVED by the City Council of Niagara Falls, New York that Chapter 501.15 of the Codified Ordinances entitled Bus Zones in the Downtown Area is hereby amended by repealing Sections 501.15 and 501.15A and adopting the new Sections 501.15 and 501.15A attached hereto.

Bold and underlined indicate Additions
Bold and brackets indicate [Deletions]

501.15 — DESIGNATED MOTOR COACH BUS ZONES IN THE DOWNTOWN AREA.

A. Definition

Motor Coach Bus. A self-propelled, rubber-tired road transit vehicle, designed to seat 18 persons or more for charter, tour, and/or excursion purposes, and with enough internal headroom to allow passengers to stand upright after entering the vehicle. This definition shall include “school bus” vehicles that seat 18 persons or more being used for charter, tour, and/or excursion purposes, but would not include: 1) public transit vehicles operated by the Niagara Frontier Transportation Authority; or 2) smaller-capacity road transit vehicles (i.e., with capacity of less than 18 persons), often without full headroom and commonly referred to as “shuttle vehicles”, “vans”, “limousine vans”, and/or “executive vans.”

B. Description and Purpose

Motor Coach Bus operators provide an important service for tourists and visitors that travel to Niagara Falls. The following is intended to reduce traffic congestion and promote safety, while contributing to a more positive visitor experience for tourists in the City’s downtown area.

In order to permit the loading and unloading of passenger Motor Coach Buses, there are hereby established designated curbside locations, which are located in the downtown area, and as shown on the map in Section 501.15.F. of this chapter.

Designated curbside locations shall be for general use by Motor Coach Bus Operators, only when such Motor Coach Buses are situated parallel to the curb and at no more than the legal distance therefrom, and only for the purpose of unloading (drop-off or alight) or loading (pick-up or board) passengers, and for no more than ten minutes at a time in either instance.

It shall be a violation for Motor Coach Buses to park, load, or unload passengers in any area other than the designated curbside locations shown on the map in Section 501.15.F.

Each year, from May 1 through and including September 30, it shall be unlawful for Motor Coach Buses to utilize any portion of Prospect Street for any purpose, inclusive of Motor Coach Bus operation.

Each year, from May 1 through and including September 30, it shall be unlawful for Motor Coach Buses to utilize any portion of Old Falls Street and/or Mayor Michael C. O’Laughlin Drive for the purpose of accessing Prospect Street.
C. Notwithstanding the foregoing, it shall be permissible for Motor Coach Buses to park only at the following street locations:

- East & West-sides of 2nd Street, between Niagara Street and Ferry Ave.;
- South-side of Niagara Street, between 5th Street and 7th Street;
- North-side of Rainbow Blvd., between 5th Street and John B. Daly Blvd.

Providing all such parking is in accordance with applicable state laws and the other provisions of this chapter. A standing vehicle that is not loading or unloading passengers as defined herein is considered to be “parked” regardless of whether the engine is running or not.

Incidental to motor coach parking, the unloading or loading passengers is also permitted at the street locations designated in this Sub-section.

D. Designated curbside locations shall be in addition to those curbside locations specifically established by the Niagara Falls Planning Board, as part of an approved Hotel Site Plan, which are established to allow the boarding and alighting of vehicles within the public right of way (or any part thereof), including Motor Coach Bus passengers for the exclusive use of the adjacent Hotel, or as otherwise approved.

Approved Hotel vehicle boarding and alighting areas are as indicated on the map in Section 501.15.F.

E. The City Administrator shall cause the necessary signs and markings to be erected to carry out the provisions of this section and may provide further regulations concerning the designated curbside locations described above. No person shall violate the provisions of any such accessory regulations.

Nothing contained in this section shall be construed to prevent the ordinary and normal lawful loading and unloading of passengers by any Motor Coach Bus owned, funded, chartered, or operated by the City of Niagara Falls, NY, the State of New York or any subsidiary thereof, or the public transportation authority along their respective designated routes.

CONTRACT: WALLENDA EVENT, FUNDING

The Niagara County Legislature adopted a resolution agreeing to contribute the sum of $35,000.00 toward the cost of this event and requested that the City do the same.

The funding of $35,000.00 to the cost of this event is requested because of the positive publicity this generates for the City. This is based upon studies that found very favorable publicity and economic impact for the City from Nik Wallenda’s 2012 wire walk across the Falls and projects a similar amount of positive publicity and economic impact for the City from this upcoming event.

Funding is available from Tourism Fund balance.
Will the Council so approve this $35,000.00 contribution to Wallendas Inc. and authorize the Mayor to execute a funding agreement in form and substance satisfactory to the Corporation Counsel?

Council Member Touma moved that the communication be received and filed and the recommendation approved.

COMMUNITY DEVELOPMENT: WALNUT AVENUE HOMES PROJECT, GRANT DISBURSEMENT

Agenda Item #1

On May 12, 2014, the Council approved a grant of $300,000.00 of CDBG funds for the Walnut Avenue Homes project. This grant and a grant of $150,000.00 of NFURA CDBG funds were used for a portion of the approximately $12 Million in project costs.

The project is now substantially complete. The ribbon cutting took place on May 1. Most of the 41 units have certificates of occupancy or completion, and many are occupied.

The grant agreement had a December 31, 2016 deadline for project completion and final disbursement of grant funds. We will be reviewing the prevailing wage rate documentation, final certificates of occupancy or completion and cost documentation before the final disbursement can be made.

In order to facilitate the final disbursement, an extension of the date for project completion and final disbursement of grant funds to July 31, 2017 is requested. We have been holding $50,000.00 of CDBG funds for the final disbursement. On May 8, the NFURA board approved extending the disbursement date for the NFURA grant.

Will the Council vote to approve the extension of the date for project completion and final disbursement of grant funds for the Walnut Avenue Homes project to July 31, 2017, and authorize the Mayor to execute any documents necessary to effectuate the extension?

CONTRACT: LOCKPORT STREET RECONSTRUCTION WORK, AGREEMENT WITH NFWB

Agenda Item #5
The City has a contract in place to accomplish certain resurfacing work on Lockport Street. The City Engineer advises that in discussions with the NFWB, it has been determined that a section of waterline running from Lockport Street to 10th Street is in poor condition and is in need of replacement. This was revealed subsequent to the award of the contract.

The NFWB has requested that the City coordinate the replacement of this section of waterline as part of its contract for the Lockport Street resurfacing project and has requested that the City engage its contractor to perform the required work. The NFWB has estimated the cost of this work to be approximately $75,000.00 and has authorized the expenditure of that sum of money to the City by way of reimbursement in order to accomplish this work. It is therefore requested that the City and the NFWB enter into a municipal cooperation agreement which memorializes this in writing. The City Engineer further advises that at some point it may be necessary to issue a change order with the contractor in this regard, but it is premature to do so at this time.

Will the Council so approve and authorize the Mayor to execute a Municipal Cooperation Agreement in form and content satisfactory to the Corporation Counsel?

CONTRACT: NIAGARA RIVERVIEW TRAIL IMPROVEMENTS-53RD STREET AREA, MARK CERRONE INC

Agenda Item #8
A contract for the above referenced project was awarded to Mark Cerrone Inc. on November 30, 2015, in the amount of $237,000.00.

While this project was under construction, a portion of the excavated material was found to have a slight odor, and soils tests were ordered. While the test results were found to be acceptable and the contractor able to continue, the time lost led to a winter shutdown. As new solar light poles were already delivered, it was found necessary to safely store the light poles to prevent damage over the winter season. The total cost of the testing, extra handling and storage container rental is $5,260.00. However, existing underruns in actual bid item quantities will allow this requested change without an increase in the contract total.

CONTRACT: ZOMBIE FIGHT PROJECT, LEGAL SERVICES

Agenda Item #12

The City of Niagara Falls was awarded a Local Initiatives Support Corporation (LISC) in 2016 for the ongoing NF Zombie Fight Project, targeting vacant properties stuck in the bank foreclosure process. This grant includes bringing court action against mortgage servicers, in accordance with the newly enacted New York State Zombie Property and Foreclosure Prevention Law. Per the LISC grant application and our Niagara Falls City Council presentation on May 15, 2017, we are dedicating grant funds to contracted legal services, in order to process these cases in New York State Supreme Court. This agenda item does not require municipal funds or have a budgetary impact on the City of Niagara Falls.

This month, Niagara Falls Community Development (CD) solicited proposals from an attorney licensed to practice law in the State of New York to assist the department on an as-needed basis in pursuing claims against banks and loan servicers pursuant to the recently adopted 2016 Zombie Property and Foreclosure Prevention legislation, with proposals due June 20, 2017. In short, this attorney will be suing mortgage servicers on behalf of the City of Niagara Falls in New York State Supreme Court, with a contractual upset amount of $25,000, per the grant application.
CD recommends entering a contractual agreement with Hodgson Russ, with a legal team led by Michael B. Risman. Mr. Risman has extensive experience dealing with distressed properties from the municipal perspective including zombie homes, unsafe structures, demolitions, Housing Court prosecutions from his nineteen (19) years of service as City of Buffalo Corporation Counsel and Senior Deputy Corporation Counsel and as Town of Niagara Town Attorney for the past ten (10) years. Hodgson Russ also provides a full range of legal services to municipal clients throughout New York State. Our municipal law team is multidisciplinary in nature, involving lawyers who regularly counsel clients in the areas of labor and employment law, public finance law, zoning and land use, environmental law, general municipal law, construction projects, and litigation and litigation avoidance, among others. (Hourly Rate: $281)

Will the Council vote to authorize the Mayor to execute the contractual agreement?

COMMUNITY DEVELOPMENT DEPT.: CITIES-RISE GRANT

Agenda Item #13

The Niagara Falls Community Development Department successfully applied for, and was awarded, a Cities for Responsible Investment and Strategic Enforcement (CitiesRISE) grant from Enterprise Community Partners (Enterprise) and the Local Initiatives Support Corporation (LISC). This grant opportunity was funded by the same banking settlement that funded the LISC Niagara Falls Zombie Fight Project, and was negotiated by New York State Attorney General Eric Schneiderman. The grant was officially awarded on June 14, 2017. Final documentation was received after the City Council Agenda Item, necessitating a walk on item, as the signed contract needed to be transmitted by June 27, 2017. This grant requires no general fund dollars, has no budgetary impact on the City of Niagara Falls and requires no acceptance of funding.

As a grantee, the City of Niagara Falls will receive a two-year subscription to a data platform designed to integrate and analyze data such as code enforcement records, tax liens, fire and police data. CitesRISE partnered with Tolemi (formerly known as OpportunitySpace), a social enterprise that created BuildingBlocks, a platform designed to integrate housing and code enforcement related data, and was selected for this program following significant research and consultation with numerous industry experts.

Additionally, the city will receive capacity building support from Spruce Technology, and the program will be guided by a Senior Advisory Team made up of issue area experts specializing in community revitalization and engagement. The Senior Advisory Team includes Alan Mallach, Senior Fellow at Center for Community Progress, Betsy MacLean, the Executive Director of Hester Street Collaborative, Ira Goldstein, the President of Policy Solutions at the Reinvestment Fund, and Joseph Schilling, Senior Research Associate at the Urban Institute.

Administrative Update:

Mayor Dyster gave an update on road paving and repair. Chairman Walker inquired about the progress on Lockport Road. John Gerlach, City Engineer, stated that there is currently a dispute between Accadia Contracting and National Grid over the removal of manhole covers in the project area. This dispute is causing a temporary delay in construction.

Chairman Walker asked about the Isiah 61 project.

Councilman Touma and Councilman Tompkins asked Mayor Dyster for an update regarding the Seneca Nation compact. Mayor Dyster stated that it is the Governor’s ambition to solve this issue without disrupting the relationship between the State and the Seneca Nation. Councilwoman Grandinetti stated, that despite reports to the contrary, the Governor’s Office is currently working to solve this dispute.

Councilman Tompkins and Councilman Touma asked the Corporation Counsel if our municipality could negotiate with the Seneca’s separately from the State. The Corporation Counsel stated that this was not possible.

Councilman Touma stated that the State of New York needs to address the issue of increased aid to the City.

Councilman Touma stressed the need to enforce traffic laws.

Councilman Tompkins asked for an update regarding lease agreements at the Train Station and the situation with the Carriage House at Deveaux Woods State Park. The State is contemplating demolishing the Carriage House due to deterioration of the structure. Councilman Tompkins suggested the State release more details concerning this plan.

Councilwoman Grandinetti stated that the residents are very concerned with past and current plans to alter the landscape in State Parks. She sighted resident concern over the plan to build a lodge on Goat Island. She cautioned the State to be aware of these concerns and to take them into account when making any decisions in our State Parks.

This Session ended at 5:45 P.M.

The 2017 Home Ownership Auction follows the same key guidelines as the April 2016 Home Ownership Auction, as presented to the Niagara Falls City Council in 2016:
• Successful bidders must agree to own and live in the home as prime occupant for no less than five years and pay all applicable property taxes.
• Successful bidders must submit a renovation plan, designating work to be completed by the owner and/or contractors, as well as possess the financial ability to execute the renovation prior to completing the sale agreement with the City of Niagara Falls.
• If the above terms are not met after the purchase of the property, ownership will revert back to the City of Niagara Falls.
• Successful bidders were required to pay a bidder’s fee and a bidder bond of $500. The bidder bond is to only be returned upon the completion of the renovation. Successful bidders also paid 10 percent of the successful bid price to the auctioneer, Auctions International, financing the costs of the auction. The City of Niagara Falls’ only auction costs were $400 in advertising.

CD provided a copy of the auctioneer booklet and terms of sale to the Niagara Falls City Council with this agenda item memo. All Home Ownership Auction properties are required to receive sale recommendation from the Niagara Falls Planning Department and sale approval from the Niagara Falls City Council.

CD Staff has already conducted the post auction meeting with all five successful bidders, all of whom paid the bidder bond and auctioneer fee. In order to process sale closings during the construction season, and prior to the August City Council recess, CD requests Niagara Falls City Council approval of these properties as a group.

Will the Council vote to approve the sale of these properties and allow the Mayor to execute related the contractual agreements?

Council Member Grandinetti moved that the communication be received and filed and the recommendation approved.

COMMUNITY DEVELOPMENT: 2017 RFP PROPERTIES (631 CHILTON AVE., 424 MEMORIAL PKWY., 445 SIXTH ST.) SALE

Agenda Item #3
City Council recess, CD requests Niagara Falls City Council approval of these properties as a group.

On April 9, 2017, the Niagara Falls Community Development Department (CD) advertised a Request for Proposals (RFP) for the purchase and renovation of the following vacant and tax foreclosed properties, with proposals due back to CD on May 26, 2017.
• 631 Chilton Avenue
• 424 Memorial Parkway
• 445 Fourth Street
• 519 Fourth Street
• 473 Fifth Street
• 445 Sixth Street
• 456 Sixth Street

The RFPs were advertised in the Niagara Gazette legal section for three consecutive weeks, on www.nf-cd.org and featured Niagara Gazette and Buffalo Rising news articles. CD received two proposals for 631 Chilton Avenue, two proposals for 424 Memorial Parkway and one proposal for 445 Sixth Street. Proposals were reviewed by CD based on the following guidelines, as stated in the RFPs for all of the properties:
• The highest and best use of building. Preference will be given to proposals that emphasize prime occupancy and/or on-site property management.
• Total investment and proposed property enhancement.
• The ability of the ownership/management team to accomplish the proposed project based upon past development history, financial strength and demonstrated expertise in operations similar to the proposed development.
• Date of completion of renovation. Earlier completion will be favored. Provide information to document the ability to perform in conformity with your timetable. Renovation should commence no later than October 1, 2017.
• Price to be paid to the City. Proposals that provide the highest total investment, including purchase price will be favored.

7/10/2017
Based on proposal review, and discussion at the June 28, 2017 Niagara Falls Planning Board meeting, CD requests that the Niagara Falls Planning Board recommend sale of the following properties to the selected proposals:

CONTRACT: STONE COMFORT BLDG., ICE RINK, RESTROOM RENOVATIONS, CIR ELECTRICAL CONSTRUCTION CORP., ELECTRIC CONTRACT

Agenda Item #4

A contract for the above referenced project was awarded to CIR Electrical Construction Corp., 400 Ingham Avenue, Buffalo, NY, on March 6, 2017 in an amount of $74,600.00.

New York State building codes regulate fire protection required for the occupancy of this building to the extent that the existing Hyde Park Ice Rink system had to be updated to accommodate the new occupied spaces. The fire alarm system and minor scope changes bring the additional cost amount to $12,340.00, increasing the contract total to $86,940.00.

Therefore, it is the recommendation of the undersigned that Change Order #1 in the amount of $12,340.00 be approved by City Council.

Sufficient funds presently exist through the NYS Consolidated Funding Application (CFA) Grant and Greenway Funds.

Will the Council vote to so approve?

NIAGARA ST., & 26TH ST., INSTALL PEDESTRIAN ACTUATED TRAFFIC SIGNAL,
DENIED

Agenda Item #18
At the Traffic Advisory Commission meeting held on June 26, 2017, the Commission:

DENIED:

1) Request submitted by Mark Laurrie, Superintendent of Schools &
Rocco Merino, Principal, Niagara Street Elementary School, School
District of the City of Niagara Falls, NY to INSTALL A PEDESTRIAN
ACTUATED TRAFFIC SIGNAL AT THE INTERSECTION OF NIAGARA STREET AND
26TH STREET.

This area was studied using the Federal Manual on Uniform Traffic Control
Device’s (MUTCD) 9 warrants for the installation of a traffic signal. In
particular, the most applicable warrants in this case: Pedestrian volume
(warrant #4), School crossing (warrant #5) and Crash experience (warrant
#7) all fell far short of the requirements. In addition, this crossing
(and the other crossings at this school) are currently signed beyond
MUTCD standards, and flashing “School Speed Limit 20 MPH” beacons exist
in advance in both directions. Based on this location falling far short
of the MUTCD criteria, and the safety measures already in place, the
Commission denied this request. However, as part of regular maintenance,
crosswalks will be re-stripped with reflective pavement tape for
additional visibility and the NFPD Traffic Division will continue to
monitor this area for speeders once school is back in session.

While this will result in an additional salary cost of $3,112.00 (as shown on the attached spreadsheet (On file in the City Clerk’s Office) inclusive of FICA, there will be no additional cost to the City because of excess dollars available in the City Clerk’s Temporary Payroll Line (A.1410.0000.0130.000). CONTRACT: CREDIT CARDS, MODIFICATION OF COMMERCIAL CREDIT CARD AGREEMENT, M & T BANK

Agenda Item #8

Please recall that the City recently entered into an agreement with M & T Bank for the utilization of credit cards. That arrangement provided for a credit limit of $40,000.00. M & T Bank has proposed to the City Controller a program modification to this agreement which will substantially increase the City’s credit limit to an amount in the vicinity of $600,000.00 which will allow the City to pay many of its various vendors from that line of credit to pay these vendors more quickly rather than issuing a check. The bank line of credit would be paid at the end of each month thereby eliminating the accrual of any interest. The advantage to the City of doing this is that M & T Bank is offering a rebate program which revolves around the annual charges paid pursuant to this program. The rebate to the City could be as high as 1.25% of the credit amount utilized which could equate to revenue to the City of between $50,000.00 and $65,000.00 annually.

Will the Council so approve and authorize the City Controller/Mayor to execute any agreements in order to finalize this new program?

City Properties: Niagara Street, 610, 614, 616 and 624 and 414-428 Seventh Street (the “Premises”), Redevelopment

Agenda Item #10

In February of this year, the Department of Economic Development circulated a Request for Proposals (“RFP”) to redevelop the above referenced City properties. These properties were acquired by the City as a result of various In-Rem City Tax Foreclosure proceedings with the exception of 616 Niagara Street which was acquired by the City in an arms-length transaction with the former owner. This acquisition allowed the City to assemble the “footprint” of properties offered for redevelopment. A copy of the RFP is attached hereto (on file in the City Clerk’s Office).

Two proposals were received by the City in response to the RFP. Both were scored pursuant to the process described in the RFP. The proposal submitted by the Montante Group scored the highest and it is therefore requested that the City Council authorize the designation of the Montante Group as the “Preferred Developer” for the parcels. Attached hereto (on file in the City Clerk’s Office) is a copy of the proposal submitted by the Montante Group together with an amendment to that proposal.

In addition to designating the Montante Group as the preferred developer, it is requested that the City Council authorize the Mayor to negotiate with the Montante Group the terms and conditions of a sale and purchase agreement which will contain the terms of the development of the project. At such time as the terms and conditions of a sale and purchase agreement with terms of development is finalized, that proposed agreement will be presented to the City Council for review with a request for authorization for the Mayor to execute it. A review and recommendation from the Planning Board will precede such a request.

The Montante Group has requested access to the Premises so that it may conduct its due diligence in an effort to move this project along. It is requested that the Council authorize such early access and authorize the Mayor to execute an early access agreement in form and content satisfactory to the Corporation Counsel.

Will the Council approve the requests contained herein and authorize the Mayor to execute any agreements in this regard satisfactory in form and content to the Corporation Counsel?

RESOLUTION: AMBULANCE ORDINANCE, AMENDING CHAPTER 302, 2017-70
BY: ALL COUNCIL MEMBERS
Agenda Item #16

BE IT RESOLVED by the City Council of Niagara Falls, New York that Chapter 302 of the Codified Ordinances entitled “Ambulance Ordinance” is hereby amended to read as follows:

302.01 DEFINITIONS.

(b) “Ambulance Service/Provider”

[(g) “Health Officer” means the Niagara County Health Officer or his designated representative.
(h) “License Officer” means the Fire Chief of the City of Niagara Falls, New York.
(i) “Medical Emergency Technician” means:
(1) An individual certified by the Department of Health of the State of New York for a period of three years as being qualified in all phases of medical emergency technology including, but not limited to, communications, first aid, equipment maintenance, emergency room techniques and procedures, patient handling and positioning, and knowledge of procedures and equipment used for obstetrical, respiratory and cardiac emergencies who has passed an examination in the regular and advanced American Red Cross first aid courses or has had equivalent training as may be prescribed from time to time by the Commissioner of Health of the State of New York and has satisfactorily completed a State approved course in medical emergency technology of not less than 36 hours.
(2) Renewal of certification shall require satisfactory completion of a refresher course once every three years. Attendance at the first class and in addition five three-hour sessions of a New York State approved course in emergency medical care technology or attendance at 18 hours of such courses approved by the Department of Health of the State of New York shall be deemed fulfillment of this requirement.]

(g) “License Officer” means the Fire Chief of the City of Niagara Falls, New York or his/her designee.
(h) “Emergency Medical Technician” (EMT) means: A person who responds to emergency calls, performs certain medical procedures and transports patients to hospital in accordance with protocols and guidelines established by physician medical directors. They may work in an ambulance service. EMTs are trained to assess a patient’s condition, and to perform such emergency medical procedures as are needed to maintain a patient airway with adequate breathing and cardiovascular circulation until the patient can be transferred to an appropriate destination for advanced medical care. Interventions include cardiopulmonary resuscitation, defibrillation, control of severe external bleeding, shock prevention, body immobilization to prevent spinal damage, and splinting of bone fractures. EMTs are trained in BLS, or basic life support. They must take an initial New York State EMT certification class by a certified course sponsor. Certification is good for three (3) years; prior to the expiration of their certification, the EMT must take a refresher class and pass the New York State EMT certification exam again to keep their certification.

(1) “Emergency Medical Technician-Intermediate” (EMT-I) means: A mid-level provider of pre-hospital emergency medical services in the United States. The EMT-I is not intended to deliver definitive medical care, but rather to augment pre-hospital critical care and provide rapid on-scene treatment. EMT-Intermediate is most commonly employed in ambulance services, working in conjunction with EMT-Basics and EMT-Paramedics. The EMT-Intermediate is typically authorized to provide more advanced medical treatment that the EMT-Basic and is typically authorized to provide advanced life support. The minimal psychomotor scope of practice at the national level for an advanced EMT includes all EMT level skills, basic airway management and the insertion of supraglottic airways, suctioning of an already intubated patient, patient assessment, and several pharmacological interventions beyond the EMT level. They must take an initial New York State EMT certification class by a certified course sponsor and pass the class and New York State certification exam for EMT. They must also attend an Intermediate Certification class by a certified course sponsor, passing the class and the New York State certification exam. The certification is good for three (3) years. Prior to the expiration of their certification, the EMT Intermediates need to take an EMT-Intermediate refresher course and pass the New York State certification exam again to keep their certification.
“Paramedic” means: A healthcare professional who works in emergency medical situations. Paramedics provide advanced levels of care for medical emergencies and trauma. The majority of Paramedics are based in the field in ambulances, emergency response vehicles, or in specialist mobile units. Paramedics provide out-of-hospital treatment and some diagnostic services. They must take an initial New York State Paramedic certification class by a certified course sponsor. Certification is good for three (3) years. Prior to the expiration of their certification, the Paramedic needs to take a Paramedic refresher course and pass the New York State certification exam again to keep their certification. The scope of practice includes performing semi-automated external defibrillation, interpretation of 4-lead or 12-lead ECG’s depending on the area, administration of symptom relief medications for a variety of emergency medical conditions (these include but are not limited to oxygen, epinephrine, glucagon, ASA (aspirin and nitroglycerine), performing trauma immobilization (including cervical immobilization), and other fundamental basic medical care. Primary Care Paramedics may also receive additional training in order to perform certain skills that are normally in the scope of practice of Advanced Care Paramedics. This is regulated both provincially (by statute) and locally (by the Medical Director), and ordinarily entails an aspect of medical oversight by a specific body or group of physicians. This is often referred to as Medical Control, or a role played by a base hospital. They must take an initial New York State EMT certification class by a certified course sponsor and pass the class and New York State certification exam for EMT. They must also attend a Paramedic Certification class by a certified course sponsor, passing the class and the New York State certification EMT-P exam. The certification is good for three (3) years. Prior to the expiration of their certification, they need to take an EMT-P refresher course and pass the New York State exam to keep their certification.

MEMORANDUM OF UNDERSTANDING: WI-FI, DOWNTOWN AREA, GLOBAL TOURISM INSTITUTE

Agenda Item #24

City officials have been in discussion with NGTI regarding a NGTI initiative to install Wi-Fi service in the downtown area. The availability of Wi-Fi is an important amenity in any City and especially in a tourist city such as Niagara Falls. The total capital cost of Phase 1 of the initiative is $105,000.00. Soft costs for the startup and the 1st year of operation are $45,000.00. NGTI has a NY Power Authority funding commitment of $50,000.00 for the WIFI initiative. Niagara University is funding the NGTI annually in the amount of $275,000.00. NGTI estimates its internal cost to advance the WIFI initiative so far at $45,000.00 - $50,000.00.

The remaining funding gap for this NGTI initiative is $100,000.00.

The City has been asked to contribute $50,000.00 to this initiative contingent upon NGTI raising the balance of the cost of the initiative from other stakeholder entities such as the Niagara Tourism and Convention Corporation.

Funding is available from tourism fund balance.

Will the Council so approve and authorize the Mayor to execute a Memorandum of Understanding in form and content satisfactory to the Corporation Counsel?

Agenda Item #3

In 2014, the City approved a grant of $250,000.00 of 99-h State Finance Law funds (casino revenues) to Niagara Falls Medical Center for the $3.4 Million Cardiac Stroke Center Project. The grant agreement provided a schedule for drawing the funds. The first $150,000.00 of Grant Funds released when fundraising was complete and construction contracts signed. The next draw of $75,000.00 is to be released when $2 Million in costs have been paid, and the final draw will be due on project completion. The grant agreement provided that the project was to be complete and all grant funds released by December 31, 2016.

The Project is progressing, with a November 31 completion date. It is proposed that the grant agreement be amended to provide that the second draw will be made when payment of $1.65 Million of costs have been paid. The project completion and grant disbursement date will be amended to January 31, 2018, to give ample time for certification of project costs.

CITY PROPERTY: NIAGARA STREET, 610, 614, 616 AND 624 AND 414-428 SEVENTH ST., REDEVELOPMENT, MONTANTE GROUP, REMOVED FROM TABLE

Agenda Item #5

In February of this year, the Department of Economic Development circulated a Request for Proposals (“RFP”) to redevelop the above referenced City properties. These properties were acquired by the City as a result of various In-Rem City Tax Foreclosure proceedings with the exception of 616 Niagara Street which was acquired by the City in an arms-length transaction with the former owner. This acquisition allowed the City to assemble the “footprint” of properties offered for redevelopment. A copy of the RFP (on file in the City Clerk’s Office) is attached hereto.
Two proposals were received by the City in response to the RFP. Both were scored pursuant to the process described in the RFP. The proposal submitted by the Montante Group scored the highest and it is therefore requested that the City Council authorize the designation of the Montante Group as the “Preferred Developer” for the parcels. Attached hereto (on file in the City Clerk’s Office) is a copy of the proposal submitted by the Montante Group together with an amendment to that proposal.

In addition to designating the Montante Group as the preferred developer, it is requested that the City Council authorize the Mayor to negotiate with the Montante Group the terms and conditions of a sale and purchase agreement which will contain the terms of the development of the project. At such time as the terms and conditions of a sale and purchase agreement with terms of development is finalized, that proposed agreement will be presented to the City Council for review with a request for authorization for the Mayor to execute it. A review and recommendation from the Planning Board will precede such a request.

The Montante Group has requested access to the Premises so that it may conduct its due diligence in an effort to move this project along. It is requested that the Council authorize such early access and authorize the Mayor to execute an early access agreement in form and content satisfactory to the Corporation Counsel.

Will the Council approve the requests contained herein and authorize the Mayor to execute any agreements in this regard satisfactory in form and content to the Corporation Counsel?

Council Member Touma moved that the communication be removed from the Table.

CONTRACT: NCCC, PARKING, RAINBOW RAMP

Agenda Item #8
The Development Agreement entered into by and between NCCC, the City and USA Niagara Development Corporation dated November 30, 2011 called for, among other things, that NCCC would receive parking in the Rainbow Ramp for up to four hundred (400) spaces per day for a five (5) year period of time at no cost to NCCC. This was in consideration of the donation by the college foundation of the ground lease in the Rainbow Mall property as well as 310 Rainbow Boulevard to the City. That five (5) year period of time has now expired.

The college has reevaluated its needs and it has found that it requires only up to two hundred (200) spaces per day during the months of September through May and that it requires only fifty (50) spaces per day during the months of June, July and August. In further consideration of the aforementioned transfers by the foundation to the City, NCCC is proposing that it pay to the City $20.00 per space per month for the
utilization of the Rainbow Ramp as described. The term of this agreement is proposed to be two (2) years during which time the City and NCCC can reevaluate their respective needs going forward. Attached hereto (on file in the City Clerk’s Office) is a copy of a proposed draft agreement. NCCC and the City are continuing discussions about certain non-material provisions contained in this draft.

Will the Council so approve and authorize the Mayor to execute an agreement provided the same is in form and content satisfactory to the Corporation Counsel?

CONTRACT: NEW YORK LAND BANK, COUNTY OF NIAGARA, COUNTY OF ORLEANS, CITY OF LOCKPORT, CITY OF NIAGARA FALLS, CITY OF NORTH TONAWANDA

Agenda Item #11

My understanding is that the Corporation Counsel has forwarded to City Council members detailed information about the recently enacted “Land Bank Act” as well as a copy of a proposed Intermunicipal Agreement to include the County of Niagara, the County of Orleans, the City of Lockport, the City of North Tonawanda and the City of Niagara Falls.

The purpose of a land bank is to aide local governments in their fight against vacant and abandoned properties which represent a danger to the health and safety of local residents which result in costs and loss of revenues to local governments. The Land Bank Act allows land banks to acquire, redevelop and improve tax delinquent, vacant or abandoned property, thereby providing a mechanism to acquire blighted properties and convert them into productive uses.
Pursuant to the Land Bank Act, it is necessary to adopt a resolution establishing the land bank on behalf of the City of Niagara Falls which will include the City of Niagara Falls and hopefully Niagara County, Orleans County, the City of Lockport, the City of North Tonawanda but not the requirement to include all of them as members. Each municipality will make its own determination. The Board of Directors of the land bank, if all municipalities participate, shall consist of seven (7) members as set forth in the most recent version of the proposed Intermunicipal Agreement provided to you by the Corporation Counsel subject to each member approving the Intermunicipal Agreement and joining the land bank.

CONTRACT: WORKER’S COMPENSATION CLAIMS, NORTHEAST ASSOCIATION MANAGEMENT, INC.

Agenda Item #14

Since 2005, the City’s Workers’ Compensation claims have been handled by the Public Employees Risk Management Association (“PERMA”). This includes both claims existing prior to 2005 and the claims that have arisen since joining PERMA in 2005.

The pre-2005 claims have been handled through PERMA’s affiliated entity Northeast Association Management, Inc. (“NEAMI”) as the third party administrator for the claims. Recent changes by the Workers’ Compensation Board required that the City enter into a separate agreement with NEAMI to provide this service.

This is handled on a yearly basis beginning on September 1 of each year.

It is now time to enter into a renewal agreement with NEAMI for the September 2017 to September 2018 year. The claims will continue to be handled on the same basis and it is recommended that the Council authorize the Mayor to execute an agreement with NEAMI in a form acceptable to the Corporation Counsel.
