TO: City Council
FROM: Mayor Paul A. Dyster
SUBJECT: **Special Inspections & Testing – Construction of City of Niagara Falls

As construction of this project progresses, certain structural components are subject to Special Inspections and Testing. These components include examination of subgrade, reinforcing steel, cast-in-place concrete, and high strength bolts. These Special Inspections and Testing are required by New York State Building Code.

It is requested that SJB Services, and their subsidiary Empire Geo-Services be retained to provide onsite inspections and testing at a not-to-exceed amount of \$5,000.00. Funding is available in tribal funds.

Will the Council vote to so approve and authorize the Mayor to execute a contract in a form acceptable to the Corporation Counsel?

Respectfully submitted,

Mayor Paul A. Dyster
