The City Council
Niagara Falls, New York

RE: Acceptance of grant from State of New York

Council Members:

The Fire Chief advises that the State of New York has awarded the City a State and Municipal Facility's Program Grant in the amount of \$70,000.00 for the purchase of vehicles for the Niagara Falls Fire Department.

Attached hereto is a copy of the Letter of Award and an explanation of additional documentation required by the State and the Dormitory Authority of the State of New York.

Will the Council so approve and authorize the Mayor and/or the Fire Chief to execute any documentation and agreements required in order to move this matter forward?

Respectfully submitted,

PAUL A. DYSTER
Mayor
