August 30, 2018

The City Council  
Niagara Falls, New York

*RE: Replacement of boiler for dehumidification system at Ice Pavilion*

Council Members:

During a Special City Council meeting held on August 7, 2018, the City Council approved the purchase of a replacement boiler unit in the amount of \$16,149.32. Since that time, additional estimates have been obtained and it has been determined that a replacement boiler unit is available for \$2,211.70 less. It is therefore requested that the City Council rescind the resolution of approval dated August 7, 2018 to purchase a replacement unit.

Estimates have now been obtained from three (3) different suppliers. A replacement boiler unit is available from VP Supply Corp., 2240 Harlem Road, Cheektowaga, NY for a price of \$13,937.62.

Will the Council rescind its resolution dated August 7, 2018 and authorize the purchase of a replacement boiler from VP Supply Corp. in the amount of \$13,937.62 and authorize the Mayor to execute any documents required to complete this transaction?

Respectfully submitted,

PAUL A. DYSTER  
Mayor

Funding is in place

---

Daniel Morello  
City Controller
