The City Council  
Niagara Falls, New York

*RE: Boiler for dehumidification system at Ice Pavilion replacement*

Council Members:

The Director of the Department of Public Works is recommending that the boiler for the dehumidification system at the Ice Pavilion be replaced. The cost of a replacement unit is \$16,149.32 as per the attached estimate.

Funding for this replacement is available in capital code H0819 which is funding reserved for repairs/updates at the Ice Pavilion.

Will the Council so approve and authorize the Mayor to execute any documents necessary in order to move this forward?

Respectfully submitted,

PAUL A. DYSTER  
Mayor

Funding is in place

---

Daniel Morello  
City Controller
